(a) DESIGNATION.—In furtherance of the purposes of the Wilderness Act of 1964 (78 Stat. 890), the following National Forest System lands in the State of Alabama, comprising approximately thirteen thousand nine hunded and seventy acres, as generally depicted on maps appropriately referenced and on file in the Office of the Chief of the Forest Service, Department of Agriculture, are hereby designated as wilderness, and, therefore, as components of the National Wilderness Preservation System: 16 USC 1132 note.

(1) certain lands in the William B. (2) certain lands in the Talladega National Forest which comprise approximately seven hundred ten acres as generally depicted on a map entitled "Cheaha Wilderness Additions—Proposed", dated June 1988, and which are hereby incorporated in and shall be deemed to be a part of the Cheaha Wilderness.

(b) DETERMINATIONS.—On the basis of such review, the Congress hereby determines and directs that—

(1) without passing on the question of the legal and factual sufficiency of the RARE II final environmental statement (dated January 1979) with respect to National Forest System lands in States other than Alabama, such statement shall not be subject to judicial review with respect to National Forest System lands in the State of Alabama; and

(2) with respect to the National Forest System lands in the State of Alabama which were reviewed by the Department of Agriculture in the second roadless area review and evaluation (RARE II) and those lands referred to in subsection (d), that review and evaluation or reference shall be deemed for the purposes of the initial land management plans required for such lands by the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, to be adequate consideration of the suitability of such lands for inclusion in the National Wilderness Preservation System and the Department of Agriculture shall not be required to review the wilderness option prior to the revision of the plan, but shall review the wilderness option when the plans are revised, which revision will ordinarily occur on a ten-year cycle, or at least every fifteen years, unless, prior to such time the Secretary finds that conditions in a unit have significantly changed;

(3) areas in the State of Alabama reviewed in such final environmental statement, or referenced in subsection (d), and not designated wilderness upon enactment of this Act shall be

managed for multiple use in accordance with land management plans pursuant to section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976: *Provided*, That such areas need not be managed for the purpose of protecting their suitability for wilderness designation prior to or during revision of the initial land management plans;

(4) in the event that revised land management plans in the State of Alabama are implemented pursuant to section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, and other applicable law, areas not recommended for wilderness designation need not be managed for the purpose of protecting their suitability for wilderness designation prior to or during revision of such plans, and areas recommended for wilderness designation shall be managed for the purpose of protecting their suitability for wilderness designation as may be required by the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, and other applicable law; and

(5) unless expressly authorized by Congress, the Department of Agriculture shall not conduct any further statewide roadless area review and evaluation of National Forest System lands in the State of Alabama for the purpose of determining their suitability for inclusion in the National Wilderness Preservation System.

(c) LIMITATION.—As used in this section, and as provided in section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974, as amended by the National Forest Management Act of 1976, the term "revision" shall not include an "amendment" to a plan.

(d) APPLICABILITY OF SECTION 202.—The provisions of this section shall also apply to National Forest System roadless lands in the State of Alabama which are less than five thousand acres in size.

SEC. 203. MAPS AND LEGAL DESCRIPTIONS.

As soon as practicable after enactment of this Act, the maps and legal descriptions of the Sipsey Wilderness and the Cheaha Wilderness, as modified by section 201(a), shall be filed with the Committees on Agriculture and Interior and Insular Affairs of the House of Representatives and the Committees on Energy and National Resources and Agriculture, Nutrition, and Forestry of the Senate, and such maps and legal descriptions shall have the same force and effect as if included in this Act: *Provided, however*, That corrections of clerical and typographical errors in such legal descriptions and maps may be made.

regulations of state agencies promulgated under the authority of general law. No regulations adopted under the provisions of this section may be adopted by the Commission except after public hearing, with publication of notice of the hearing in a newspaper of general circulation in the three counties at least 10 days before the hearing. In lieu of or in addition to passing regulations supplementary to state law and regulations concerning the operation of vessels on Lake Wylie, the Commission may, after public notice, request that the North Carolina Wildlife Resources Commission and the South Carolina Department of Wildlife and Marine Resources pass local regulations on this subject in accordance with the procedure established by appropriate state law.

Rules and regulations promulgated by the Commission under the provisions of other sections of this act relating to internal governance of the Commission need not be filed or published. Where posting of any sign, notice, or marker or the making of other communication is essential to the validity of a regulation duly promulgated, it is presumed in any proceeding that prior notice was given and maintained and the burden lies upon the party asserting to the contrary to prove lack of adequate notice of any regulation.

Law enforcement and crime.

"SEC. 9. (a) Where a joint ordinance so provides, all law enforcement officers, or those officers as may be designated in the joint

ordinance, with territorial jurisdiction as to any part of Lake Wylie or its shoreline area, within the limitations of their subject matter jurisdiction, have the authority of peace officers in enforcing the laws over all of Lake Wylie and its shoreline area.

"(b) Where a joint ordinance provides it, the Commission may hire special officers to patrol and enforce the laws on Lake Wylie and its shoreline area. These special officers have and may exercise all the powers of peace officers generally within the area in question and shall take the oaths and are subject to all provisions of law relating to law enforcement officers. "(c) Every criminal violation must be tried in the county where it occurred. However, a certificate of training by the South Carolina Criminal Justice Academy, or a similar certificate issued by the North Carolina Criminal Justice Education and Training Standards Commission or the North Carolina Sheriffs' Education and Training Standards Commission will suffice for certification in both states for the purposes of this act.

"(d) Where a law enforcement officer with jurisdiction over any part of Lake Wylie or its shoreline area is performing duties relating to the enforcement of the laws on Lake Wylie or in its shoreline area, he has such extraterritorial jurisdiction as may be necessary to perform his duties. These duties include investigation of crimes an officer reasonably believes have been, or are about to be, committed within the area in question. This includes traversing by reasonable routes from one portion of this area to another although across territory not within the boundaries of Lake Wylie and its shoreline area; conducting prisoners in custody to a court or detention facilities as may be authorized by law, although this may involve going outside the area in question; execution of process connected with any criminal offense alleged to have been committed within the boundaries in question, except that this process may not be executed by virtue of this provision beyond the boundaries of the three counties. This also includes continuing pursuit of and arresting any violator or suspected violator as to which grounds for arrest arose within the area in question. Prisoners.

"(e) Where law enforcement officers are given additional territorial jurisdiction under the provisions of this section, this is considered an extension of the duties of the office held and no officer shall take any additional oath or title of office.

An Act

Entitled the "National Forest and Public Lands Nevada Enhancement Act of 1988".

Oct. 28, 1988
[S. 59]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

National Forest and Public Lands of Nevada Enhancement Act of 1988.

SECTION 1. SHORT TITLE.

This Act may be cited as the "National Forest and Public Lands of Nevada Enhancement Act of 1988".

SEC. 2. FINDINGS AND PURPOSES.

(a) FINDINGS.—The Congress finds that—

(1) the public lands transferred by this Act contain valuable natural resources (such as watershed, range, outdoor recreation and wildlife habitat) which will be enhanced by the professional, multiple-use management of the Forest Service; and that certain national forest lands would be enhanced by the professional multiple-use management of the Bureau of Land Management;

(2) the public which uses these natural resources will be benefited by such adjustments in management;

(3) the public lands transferred by this Act to the jurisdiction of the Forest Service are adjacent to existing national forests and, in many cases, are part of the same watersheds and mountain ranges, and placing the management of these lands under the administration of one agency, the Forest Service, will improve efficency and be cost effective; that similar efficiency and cost effectiveness will result from transferring jurisdiction of certain National Forest lands to the Bureau of Land Management; and

(4) there is a consensus in Nevada that certain lands should be added to the National Forest System and that certain National Forest System lands should be transferred to the Bureau of Land Management for management.

(b) PURPOSES.—The purposes of this Act are—

(1) to transfer to the jurisdiction of the Forest Service, United States Department of Agriculture, certain public lands in Nevada currently administered by the Bureau of Land Management, United States Department of the Interior. These public lands are contiguous to the Toiyabe and Inyo National Forests and will become National Forest System lands; and

(2) to transfer to the jurisdiction of the Bureau of Land Management, United States Department of the Interior, certain lands in Nevada currently administered by the Forest Service, United States Department of Agriculture. These lands are contiguous to other public lands and will be managed as such.

SEC. 3. DEFINITIONS.

As used in this Act—

(a) the term "public lands" means the lands administered by the Bureau of Land Management, United States Department of the Interior, as defined in section 103(3) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701(e)); and

(b) the term "National Forest lands" or "National Forest System lands" means the lands administered by the Forest Service, United States Department of Agriculture, as defined in section 11 of the Forest and Rangeland Renewable Resources Planning Act of 1974 (16 U.S.C. 1609(a)).

SEC. 4. TRANSFER OF LANDS.

(a) TRANSFER OF PUBLIC LANDS TO THE FOREST SERVICE.—Effective one hundred and eighty days after the enactment of this Act, the approximately six hundred sixty-two thousand acres of public lands designated for inclusion in the National Forest System on three maps entitled "Nevada Interchange-A", dated January 1987, "Nevada Interchange-B", dated February 1988, and "Nevada Interchange-C", dated August 1988, are hereby withdrawn from the public domain, transferred to the jurisdiction of the Secretary of Agriculture, and shall become part of the Toiyabe National Forest or the Inyo National Forest, as appropriate.

(b) BOUNDARIES OF TOIYABE AND INYO NATIONAL FORESTS.—(1) The boundaries of the Toiyabe National Forest and the Inyo National Forest are hereby modified to reflect the transfer of lands under subsection (a).

(2) For the purpose of section 7 of the Land and Water Conservation Fund Act of 1965 (16 U.S.C. 4601-9), the boundaries of the Toiyabe National Forest and the Inyo National Forest, as modified by this subsection, shall be treated as if they were the boundaries of those National Forests as of January 1, 1965.

(c) TRANSFER OF FOREST SERVICE LANDS TO THE BUREAU OF LAND MANAGEMENT.—Effective one hundred and eighty days after the enactment of this Act, the approximately twenty-three thousand acres of National Forest lands identified for management by the Bureau of Land Management on a map entitled "Nevada Interchange-A" and dated January 1987, are hereby transferred to the Secretary of the Interior.

(d) MAPS.—The maps referred to in subsection (a) and subsection (c) shall be on file and available for public inspection in the offices of the Governor of Nevada, the Supervisors of the Toiyabe and Inyo National Forests, the Nevada State Director of the Bureau of Land Management, the Chief of the Forest Service, and the Director of the Bureau of Land Management. The Secretaries of Agriculture and the Interior may make minor changes to the maps to correct technical errors.

(e) Effective one hundred and eighty days after enactment of this Act, lands transferred by subsection (a) of this section to the jurisdiction of the Secretary of Agriculture shall be subject to the planning requirements of section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974, and lands transferred by subsection (c) of this section to the jurisdiction of the Secretary of the Interior shall be subject to the planning requirements of the Federal Land Policy and Management Act of 1976. All transferred lands shall continue to be managed in accordance with plans in effect on the date of enactment of this Act until considered in plans developed under applicable provisions of law. If no plans are in effect on the date of enactment of this Act, the respective transferred lands shall

be managed in a manner consistent with other National Forest or public lands, as the case may be, in the vicinity until a plan is developed under applicable provisions of law. Nothing in this Act shall of itself require the amendment or revision of the existing plans governing public lands or National Forest lands affected by the addition of or deletion of lands transferred by this Act.

SEC. 5. WILDERNESS SUITABILITY.

(a) BLM WILDERNESS STUDY AREAS.—Any area or portion thereof designated as a Bureau of Land Management Wilderness Study Area, which is made a part of the National Forest System by this Act, shall be managed by the Secretary of Agriculture in accordance with the provisions of section 603(c) of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1782), to protect its wilderness character until Congress designates it as wilderness or releases it from further wilderness consideration. At the same time that the Secretary of the Interior submits wilderness recommendations to the Congress with regard to public lands in the State of Nevada, he shall also recommend to the Congress whether any wilderness study area or portion thereof transferred to the jurisdiction of the Forest Service by this Act should be included in the National Wilderness Preservation System.

(b) ROADLESS AREAS NOT RECOMMENDED AS WILDERNESS.—Any roadless area or portion thereof which is made a part of the National Forest System by this Act and which has been considered but not recommended for designation as wilderness pursuant to section 202 of the Federal Land Policy and Management Act of 1976 (43 U.S.C. 1712) shall be deemed to have been adequately considered for wilderness for the purposes of the initial land management plans hereafter required for such lands by section 6 of the Forest and Rangeland Renewable Resources Planning Act of 1974 (16 U.S.C. 1604). The Secretary of Agriculture shall not be required to review the wilderness option for such area prior to the next regular revision of such plans for the National Forest in question, but the Secretary of Agriculture shall review the wilderness option for such area when such plans are revised.

(c) If at any time after the date of enactment of this Act, Congress releases all or any portion of the one hundred and sixty acres of land described in this subsection from the requirements of section 603(c) of the Federal Land Policy and Management Act, the Secretary of Agriculture is authorized to offer for sale all or any portion of the released lands at fair market value. If the Secretary of Agriculture decides to sell such land, he shall give public notice of such sale and shall establish a date within six months of such notice for the receipt of bids on such land. The Secretary of Agriculture shall sell such land to the party submitting the highest bid (at least equal to fair market value) on or before such date. The land is described as follows:

(d) NO ADDITION TO THE NATIONAL WILDERNESS PRESERVATION SYSTEM.—Nothing in the Act shall be construed to add lands to the National Wilderness Preservation System.

SEC. 6. MANAGEMENT OF MINERAL RESOURCES.

Nothing in this Act shall be construed to change the laws governing the management of mineral resources.

SEC. 7. ADMINISTRATION OF RECEIPTS.

The acreage added to the Toiyabe and Inyo National Forests in the State of Nevada by this Act shall not be counted in determining the distribution of the Twenty-Five Percent Fund between the States of California and Nevada under the Act of May 23, 1908, as amended: *Provided, however,* That the acreage added to these forests shall be counted in the distribution of the Twenty-Five Percent Fund among the affected counties in Nevada.

SEC. 8. WATER RIGHTS.

(a) Congress hereby expressly reserves the minimum quantity of water necessary to achieve the primary purposes for which the lands transferred pursuant to section 4(a) are withdrawn. Those purposes are hereby declared to be solely and exclusively the primary purpose for which the National Forests within which the lands are to be included were established. The priority date for such reserved rights shall be the date of transfer pursuant to this Act.

(b) Congress hereby expressly relinquishes all Federal reserved water rights created by the initial withdrawal from the public domain in the lands transferred pursuant to section 4(c) effective on the date of such transfer.

(c) Nothing in this Act shall create an implied reservation of water.

(d) Nothing in this Act shall affect the right of the United States or of any person to acquire or dispose of water or water rights pursuant to the substantive and procedural requirements of the laws of the State of Nevada.

SEC. 9. VALID EXISTING RIGHTS.

(a) Nothing in this Act shall affect valid existing rights of any person under any authority of law.

(b) Authorizations to use lands transferred by this Act which were issued prior to the date of transfer shall remain subject to the laws and regulations under which they were issued. Such authorization shall be administered by the Secretary to whom jurisdiction over affected lands has been transferred by this Act. Any renewal or extension of such authorization shall be subject to the laws and regulations pertaining to the agency which has jurisdiction over the land at the time the renewal or extension is requested. The change of administrative jurisdiction resulting from the enactment of this Act shall not in itself constitute a basis for denying or approving the renewal or reissuance of any such authorization.

SEC. 10. ADMINISTRATIVE APPEALS.

With respect to the lands transferred by section 4, any formal administrative appeal, adjudication, or review pending on the date of transfer of jurisdiction under this Act shall be completed by the Secretary, or his designee, of the Department in which it was initiated.

(a) Notwithstanding any other provision of law, the Secretary of the Interior is authorized and directed to enter into an agreement with the City of Boulder City, Nevada (hereinafter referred to as the "City"), which will provide that, upon acceptance by the City of title to and financial responsibility for continued maintenance of the parcel of land described in this subsection, all remaining repayment obligations owing to the United States, pursuant to contract numbered 14-06-300-978, dated January 4, 1960, between the United States and the City, as of the date of enactment of this Act, shall be discharged. The land shall be maintained as a public park by the City at its own cost and expense, and shall be conveyed to the City, without consideration, by quit claim deed subject to the conditions, restrictions, and protective covenants as established in the Guidelines of the Advisory Council on Historic Preservation (36 Code of Federal Regulations, part 800). Title shall revert to the United States if the land ceases to be used for park purposes. The agreement shall also stipulate that the City shall provide, without cost to the United States, the water supply required to water the Federal grounds surrounding the Bureau of Reclamation's administration building in the City, for as long as Federal ownership is retained, or through the year 2010, which ever occurs first. The land to be conveyed to the City is described as follows: approximately 3.25 acres, comprising all of block six, according to sheet 1 of 20, block plats of Boulder City, Nevada, drawing numbered X-300-460, dated July 15, 1959, and known as Wilbur Square or Government Park.

(b) The Secretary of the Interior is authorized to enter into an agreement for the City to provide gardening services on Bureau of Reclamation land within the City; and in partial payment for this gardening service to transfer to the City any or all lawn and garden equipment owned and used by the Bureau of Reclamation as of the date of enactment of this Act, which is used to maintain the Bureau's grounds within the City.

(c) The Secretary of the Interior is authorized to transfer title to the City to all or any portion of the City water supply system which remains in Federal ownership and located outside of the Hoover Dam security area, and to provide the City with a permanent easement across all Federal lands necessary to properly operate and maintain any facility so transferred. The agreement referred to in this section shall also provide that all obligations to make payments to the United States for operation, maintenance, and replacement for works transferred to the City shall be discharged as of the date

or dates of said transfer of title or operations and maintenance responsibility to the City.

An Act

To require that plastic ring carrier devices be degradable, and for other purposes.

Oct. 28, 1988
[S. 1986]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

TITLE I—DEGRADABLE PLASTIC RING CARRIERS

SEC. 101. FINDINGS.

42 USC 6914b note.

The Congress finds that—

(1) plastic ring carrier devices have been found in large quantities in the marine environment;

(2) fish and wildlife have been known to have become entangled in plastic ring carriers;

(3) nondegradable plastic ring carrier devices can remain intact in the marine environment for decades, posing a threat to fish and wildlife; and

(4) 16 States have enacted laws requiring that plastic ring carrier devices be made from degradable material in order to reduce litter and to protect fish and wildlife.

SEC. 102. DEFINITIONS.

42 USC 6914b.

As used in this title—

(1) the term "regulated item" means any plastic ring carrier device that contains at least one hole greater than 1¾ inches in diameter which is made, used, or designed for the purpose of packaging, transporting, or carrying multipackaged cans or bottles, and which is of a size, shape, design, or type capable, when discarded, of becoming entangled with fish or wildlife; and

(2) the term "naturally degradable material" means a material which, when discarded, will be reduced to environmentally benign subunits under the action of normal environmental forces, such as, among others, biological decomposition, photodegradation, or hydrolysis.

SEC. 103. REGULATION.

42 USC 6914b-1.

Not later than 24 months after the date of the enactment of this title (unless the Administrator of the Environmental Protection Agency determines that it is not feasible or that the byproducts of degradable regulated items present a greater threat to the environment than nondegradable regulated items), the Administrator of the Environmental Protection Agency shall require, by regulation, that any regulated item intended for use in the United States shall be made of naturally degradable material which, when discarded, decomposes within a period established by such regulation. The period within which decomposition must occur after being discarded shall be the shortest period of time consistent with the intended use

of the item and the physical integrity required for such use. Such regulation shall allow a reasonable time for affected parties to come into compliance, including the use of existing inventories.

SEC. 201. SHORT TITLE.

This title may be cited as the "Umatilla Basin Project Act".

SEC. 202. AUTHORIZATION OF PROJECT.

(a) For purposes of mitigating losses to anadromous fishery resources and continuing water service to the Hermiston, West Exten-

sion, Westland, and Stanfield Irrigation Districts, for the project water exchange, the Secretary of the Interior, acting pursuant to the Federal reclamation laws (Act of June 17, 1902, and Acts amendatory thereof and supplementary thereto), is authorized to construct, operate, and maintain the Umatilla Basin Project, Oregon, substantially in accordance with the report entitled: "Umatilla Basin Project, Oregon, Planning Report" dated February 12, 1988, in the manner specified by this title. The principal work of the project shall consist of—

(1) lands, water rights, or interests therein acquired for the benefit of fishery resources;

(2) measures to conserve water and improve the efficiency of the existing conveyance, distribution, and drainage systems of the Umatilla Project, where such measures are found to make water available for the benefit of fishery resources;

(3) pumping plants and related diversion, conveyance, and distribution features;

(4) works incidental to the rehabilitation or modification of existing irrigation systems necessary to accomplish a water exchange required to fulfill the purposes of this title;

(5) fish passage and protective facilities and other necessary mitigation measures;

(6) a program to monitor and regulate project operations; and

(7) a program to evaluate fishery resource mitigation measures.

SEC. 203. INTEGRATION AND OPERATION OF PROJECT.

Project facilities and features authorized by this title shall be integrated and coordinated, from an operational standpoint, into existing features of the Umatilla Project, and shall be operated in a manner consistent with Federal reclamation laws and water rights established pursuant to State law including the contract rights of water users. Prior to the initiation of project construction, the Secretary shall secure the necessary State and local permits and other authorities for the operation of project facilities, and through the conclusion of appropriate agreements with the State of Oregon, the relevant irrigation districts, and the Confederated Tribes of the Umatilla Indian Reservation provide for the monitoring and regulation of project-related water supplies for the purposes herein identified.

SEC. 204. POWER FOR PROJECT PUMPING.

The Administrator of the Bonneville Power Administration, consistent with provisions of the Columbia River Basin Fish and Wildlife Program established pursuant to the Pacific Northwest Electric Power Planning and Conservation Act (94 Stat. 2697), shall provide for project power needed to effect the water exchange with irrigation districts for purposes of mitigating anadromous fishery resources. The cost of power shall be credited to fishery restoration goals of the Columbia River Basin Fish and Wildlife Program.

SEC. 205. OPERATION AND MAINTENANCE COSTS.

Non-Federal interests shall be responsible for the cost of operating and maintaining the project, except for those costs associated with implementation of section 204 of this title, and to fulfill the purpose of mitigating losses to anadromous fisheries resources.

SEC. 206. INTERIM FLOW AUGMENTATION.

Appropriation authorization.

Until the facilities authorized in this title are constructed and in operation, and as an interim measure to provide flow augmentation of the Umatilla River for anadromous fishery resources, funds are authorized to be appropriated to the Secretary, through the end of fiscal year 1998, to provide for interim operation and maintenance of existing pumps or other facilities for the purpose of providing flow augmentation for anadromous fish.

SEC. 207. NON-FEDERAL COSTS.

(a) CREDIT FOR NON-FEDERAL FISHERY RESOURCE IMPROVEMENTS.—The Umatilla Basin Project authorized by this title is a Federal action to improve streamflow and fish passage conditions and shall be considered part of a comprehensive program to restore the Umatilla River basin anadromous fishery resource. Related fishery resource improvement facilities which utilize funding sources under the Pacific Northwest Electric Power Planning and Conservation Act of 1980 (94 Stat. 2697) and programs of the State of Oregon and other entities shall be consolidated in any final calculation of required cost sharing.

(b) TREATMENT OF NON-FEDERAL COSTS INCURRED IN IMPLEMENTING PROJECT FEATURES BEFORE APPROPRIATIONS.—To the extent any public or private entity shares in the cost of or constructs any feature of the project or portion thereof prior to the appropriation of funds for construction of such feature, the costs incurred shall be credited to the total amount of any cost sharing required for the project. The Secretary is authorized to accept title to facilities appropriate to the project without compensation and thereafter to operate and maintain such facilities.

SEC. 208. CONJUNCTIVE USE OF PUMPING FACILITIES.

When project pumping capacity is available in excess of that needed for fishery resource benefits as determined by the Secretary of the Interior, such project pumping capacity may be made available for use on presently irrigated lands eligible for service within the irrigation districts that participate in the project authorized in this title at a rate based on the operation and maintenance costs related to such conjunctive use and an appropriate share of capital costs for such use as specified by an agreement between the Secretary of the Interior and the irrigation districts: *Provided,* That (a) boundaries of the irrigation districts may be modified, upon approval of the Secretary of the Interior, to include such lands that received irrigation water service from those districts prior to October 1, 1988; and (b) that such use shall be considered as secondary to the purpose of providing water for fishery resource purposes. Pumping power for this purpose shall be provided to the Bureau of Reclamation by the Administrator of the Bonneville Power Administration. The Administrator's rate for this service during the peak period shall be the forecasted average rate to be paid by public agencies for irrigation loads during peak periods. The rate during the off peak period shall be the rate paid by public agencies for irrigation loads during off peak periods. The cost of power for such pumping, and the cost of transmitting power from the Federal Columbia River Power System to the project pumping facilities shall be borne by irrigation districts receiving the benefit of such water.

An Act

Oct. 31, 1988
[H.R. 2628]

To amend the National Traffic and Motor Vehicle Safety Act of 1966 respecting the importation of motor vehicles in anticipation of compliance with safety standards under such Act.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Imported Vehicle Safety Compliance Act of 1988.
15 USC 1381 note.

SECTION 1. SHORT TITLE, REFERENCE.

(a) SHORT TITLE.—This Act may be cited as the "Imported Vehicle Safety Compliance Act of 1988".

(b) REFERENCE.—Whenever in this Act an amendment or repeal is expressed in terms of an amendment to, or repeal of, a section or other provision, the reference shall be considered to be made to a section or other provision of the National Traffic and Motor Vehicle Safety Act of 1966.

SEC. 2. CONTROL OF IMPORTATION OF CERTAIN VEHICLES TO ENSURE COMPLIANCE WITH SAFETY STANDARDS.

(a) REPEAL OF GENERAL AUTHORITY FOR IMPORTATION IN ANTICIPATION OF COMPLIANCE.—Section 108(b) (15 U.S.C. 1397(b)) is amended by striking out paragraphs (3) and (4) and by redesignating paragraph (5) as paragraph (3).

(b) LIMITED AUTHORIZATION FOR IMPORTATION IN ANTICIPATION OF COMPLIANCE.—Section 108 (15 U.S.C. 1397) is amended by redesignating subsection (c) as subsection (k) and by inserting after subsection (b) the following new subsections:

"(c)(1) Except as provided in this subsection and subsections (e), (f), (g), (h), (i), and (j) a motor vehicle offered for importation in violation of subsection (a)(1)(A) shall be refused entry into the United States.

"(2) In the case of any motor vehicle imported under paragraph (3), the person importing the motor vehicle shall furnish to the Secretary of the Treasury (acting on behalf of the Secretary) an appropriate bond and shall comply with such terms and conditions as it appears to the Secretary appropriate to ensure that any such motor vehicle—

"(A) will be brought into conformity with all applicable Federal motor vehicle safety standards prescribed under this title within a reasonable time after such importation, as specified by the Secretary, or

Exports.

"(B) will be exported (at no cost to the United States) by the Secretary of the Treasury or abandoned to the United States.

The amount of the bond furnished under this paragraph shall not be less than the dutiable value, as determined by the Secretary of the Treasury, of the motor vehicle with respect to which the bond was furnished, except that the amount of such bond may not exceed 150 percent of such value.

"(3)(A) Subsection (a)(1)(A) and paragraph (1) of this subsection shall not apply to any motor vehicle if—

"(i)(I) the motor vehicle is determined to be substantially similar to a motor vehicle originally manufactured for importation into and sale in the United States, certified under section 114, and of the same model year (as defined by regulation by the Secretary) as the model of the motor vehicle to be compared, and is capable of being readily modified to conform to all applicable Federal motor vehicle safety standards; or

"(II) where there is no substantially similar United States motor vehicle, the Secretary determines that the safety features of the vehicle comply with or are capable of being modified to comply with all applicable Federal motor vehicle safety standards based on destructive test data or such other evidence as the Secretary determines to be adequate,

"(ii) the motor vehicle is imported by an importer registered under subparagraph (D), and

"(iii) the registered importer pays (I) such annual fee as the Secretary establishes to cover the cost of administering the registration program, and (II) such other annual fee or fees as the Secretary reasonably establishes to cover the cost of processing the bond furnished to the Secretary of the Treasury under paragraph (2) and making the determinations under this section.

"(B) The amount or rate of fees under subparagraph (A)(iii) shall be reviewed and, if appropriate, adjusted by the Secretary at least every 2 years. The fee applicable in any fiscal year shall be established by the Secretary before the beginning of such year. All fees collected shall be available until expended, without fiscal year limit, to the extent provided in advance by appropriation Acts, solely for use by the Secretary—

"(i) in the administration of all of the requirements of this subsection (other than subparagraph (E)(iv)) and subsection (d)(2), and

"(ii) to advance to the Secretary of the Treasury amounts for costs that will be incurred under this subsection and to reimburse the Secretary of the Treasury for such costs.

"(C)(i) The Secretary shall make the determination under paragraph (3)(A)(i)—

"(I) on the petition of any registered importer or any manufacturer, or

"(II) on the Secretary's own initiative.

"(ii) The Secretary shall establish by regulation (I) the information required to be provided by the petitioner to clearly show that the vehicle is capable of being brought into compliance with all applicable Federal motor vehicle safety standards and (II) the procedures for considering such petitions. In establishing such procedures, the Secretary shall provide for a minimum period for public notice and written comment consistent with ensuring expeditious, but full, consideration of the petition and avoiding delay by any person. In considering any petition under this subparagraph, the Secretary shall give due consideration to any test data or other information available to the Secretary, including any information provided by the manufacturer (whether or not confidential). If the Secretary makes a negative determination, another petition may not be considered for the same model of motor vehicles until the end of 3 calendar months after such negative determination. Regulations.

"(iii) The Secretary shall establish by regulation the procedures for determinations made on the Secretary's initiative. Such procedures shall include a minimum period for public notice and written Regulations.

comment consistent with ensuring expeditious, but full, consideration and avoiding delay by any person. In making a determination under such procedures, the Secretary shall give due consideration to any test data or other information available to the Secretary, including any information provided by the manufacturer (whether or not confidential). If the Secretary makes a negative determination, the Secretary may not make another determination for the same model of motor vehicle until the end of 3 calendar months after such negative determination.

Federal Register, publication.

"(iv) The Secretary shall annually publish in the Federal Register a list of all determinations under this subparagraph. Each determination published in the Federal Register shall apply to the same model of motor vehicle with respect to which the determination was made. A positive determination shall be sufficient authority for any other registered importer to import a vehicle of the same model under this subsection provided such registered importer complies with all the terms and conditions of such determination.

"(D)(i) The Secretary shall establish procedures under which the Secretary shall register any person who complies with the requirements of clause (ii) and who has not previously had a registration revoked under clause (iii). The Secretary may deny registration to any person who is or was, directly or indirectly, owned or controlled by, or under common ownership or control with, a person who has had a registration revoked under clause (iii).

Regulations.

Records.

"(ii) In order to acquire and maintain registration under clause (i), an importer shall comply with all requirements which the Secretary shall prescribe by regulation. Such regulation shall include, as a minimum, requirements for recordkeeping, inspection of records and facilities relating to the motor vehicles which such person has imported, modified, or both, and provision for ensuring that the importer (or any successor in interest) will be able technically and financially to carry out the importer's responsibilities under part B of this title (relating to discovery, notification, and remedy of defects).

"(iii) The Secretary shall establish procedures for (I) the revocation or suspension of a registration issued under clause (i) for failure to comply with any requirement of this section or the regulations issued under this section, (II) automatic suspensions of registrations for failure to pay any fee referred to in subparagraph (A)(iii) in a timely manner or for knowingly filing a false or misleading certification under subparagraph (E), and (III) reinstatement of suspended registrations.

"(E)(i) A registered importer shall not release custody of any motor vehicle—

"(I) imported by the registered importer, or

"(II) imported by an individual referred to in subsection (f) and which the registered importer is modifying to meet Federal motor vehicle safety standards,

to any person for license or registration for use on public roads, streets, or highways or license or register an imported motor vehicle for use on public roads, streets, or highways until 30 calendar days after the registered importer certifies to the Secretary, in such form as the Secretary shall require, that such motor vehicle complies with each Federal motor vehicle safety standard which was prescribed under this title in the year that vehicle was manufactured and which applies in such year to such vehicle, except that no such release shall be permitted if the Secretary gives written notice,

before the expiration of such 30 days, that an inspection will be required under clause (iii). If the Secretary gives such notice, such release shall be permitted at any time but only upon the completion of the inspection showing no failure to comply with applicable Federal motor vehicle safety standards for which the inspection was made and the release by the Secretary. The Secretary and the Secretary of the Treasury shall by rule establish procedures to ensure the release of a motor vehicle and bond at the expiration of such 30 days unless the notice under this clause or clause (vi) is issued. Such rule shall provide that, if such notice is issued, the motor vehicle and bond shall be promptly released after the completion of the inspection showing no such failure to comply.

"(ii) In making a certification under clause (i) with respect to safety features of a motor vehicle, the registered importer may rely on the manufacturer's certification for the model for which the motor vehicle involved is substantially similar if the importer certifies that any modification undertaken by the importer did not affect the compliance of the motor vehicle's safety features and the importer retains records verifying such certification for such period as the Secretary shall prescribe. Records.

"(iii) The Secretary may require that such certification be accompanied by such evidence of compliance as the Secretary considers appropriate or that the certified motor vehicle be inspected by the Secretary, or both.

"(iv) The Secretary shall periodically inspect a representative number of motor vehicles for which certifications have been filed under clause (i). In conducting any program under this title for the testing of motor vehicles, the Secretary shall include a representative number of vehicles for which certifications have been filed under clause (i).

"(v) Any release of a bond required under paragraph (2) shall constitute acceptance of any certification or completion of an inspection but not a determination by the Secretary under section 152 of compliance with all applicable Federal motor vehicle safety standards.

"(vi) Notwithstanding clause (i), no motor vehicle or bond may be released if the Secretary believes or has reason to believe that a certification made under clause (i) is false or contains any misrepresentation and the Secretary gives written notice of such belief or reason to believe to the registered importer before the expiration of 30 days after the date such certification is received by the Secretary. If such notice is provided, the motor vehicle involved and the bond required for the motor vehicle involved may not be released until the Secretary is satisfied with the certification and any modification thereof. Fraud.

"(vii) Each registered importer shall include on each motor vehicle released by it under this subsection a label, in such form as the Secretary may prescribe, on which the registered importer is identified and which states that the vehicle has been modified by such importer to comply with all applicable Federal motor vehicle safety standards for that model.

"(d)(1) For purposes of part B of this title (relating to discovery, notification, and remedy of motor vehicle defects)—

"(A) in the case of any defect or failure to comply with any applicable Federal motor vehicle safety standard in, or regarding, any motor vehicle which was originally manufactured for importation to the United States, any imported motor vehicle

that has a valid certification under subsection (c)(3)(E) and that is determined to be substantially similar to such motor vehicle shall be treated as having the same defect or failure unless the manufacturer or registered importer demonstrates otherwise to the Secretary,

Federal Register, publication.

"(B) the Secretary shall publish in the Federal Register notice of the defect or failure referred to in subparagraph (A), and

"(C) the registered importer shall be treated as the manufacturer with respect to any motor vehicle that it—

"(i) imports, or

"(ii) brings into conformity with applicable Federal motor vehicle safety standards on behalf of an individual under subsection (f).

Regulations.

"(2) The Secretary shall, by regulation, require each registered importer (and any successor in interest) to provide and maintain evidence, satisfactory to the Secretary, of sufficient financial responsibility to meet its obligations under part B of this title (relating to discovery, notification, and remedy of motor vehicle defects).

"(e) Subsections (a)(1)(A) and (c)(1) shall not apply to any motor vehicle or item of motor vehicle equipment if—

"(1) the motor vehicle or item of equipment requires further manufacturing to perform its intended function (as determined under regulations prescribed by the Secretary), and

"(2) it is accompanied at the time of entry by a written statement which is issued by the manufacturer of the incomplete motor vehicle or item of equipment which indicates the applicable Federal motor vehicle safety standard with which such motor vehicle or item is not in compliance.

"(f)(1) Subsections (a)(1)(A) and (c)(1) shall not apply to any motor vehicle that is imported—

"(A) after the effective date of the regulations initially issued to implement the amendments made to this section by the Imported Vehicle Safety Compliance Act of 1988, and

"(B) for personal use, and not for purposes of resale,

by any individual (other than an individual described in subsections (g) and (h)), if that individual takes the actions required by paragraph (2).

"(2) To receive an exemption under paragraph (1) an individual shall—

"(A) furnish to the Secretary of the Treasury (acting on behalf of the Secretary)—

"(i) an appropriate bond in an amount determined under subsection (c)(2),

Contracts.

"(ii) a copy of a contract or other agreement with an importer registered under subsection (c) for bringing such vehicle into conformity with applicable Federal motor vehicle safety standards, and

"(iii) a certification that such vehicle meets the requirement set forth in clause (i) (I) or (II) of subsection (c)(3)(A), and

"(B) comply with such terms and conditions as the Secretary shall impose as being appropriate to ensure that such motor vehicle—

"(i) will be brought into conformity with all applicable Federal motor vehicle safety standards within a reasonable time, as specified by the Secretary, after such importation, or

"(ii) will be exported (at no cost to the United States) by the Secretary of the Treasury or abandoned to the United States. Exports.

The Secretary, for good cause shown, may allow an individual additional time, but not more than 30 days after the day on which the motor vehicle is offered for importation, to comply with subparagraph (A)(ii).

"(g) Subsections (a)(1)(A) and (c)(1) shall not apply to any motor vehicle if the motor vehicle is imported for personal use, and not for purposes of resale, by any individual (including any member of the uniformed services)—

"(1) whose assigned place of employment is outside the United States as of the date of the enactment of the Imported Vehicle Safety Compliance Act of 1988, and who has not had an assigned place of employment in the United States between that date and the date of entry of such motor vehicle,

"(2) who has not previously imported a motor vehicle into the United States under the authority of this subsection (or subsection (b)(3) with respect to periods before the date of the enactment of the Imported Vehicle Safety Compliance Act of 1988),

"(3) who had acquired (or had entered into a binding contract to acquire) such motor vehicle before the date of enactment of this subsection,

"(4) who enters such motor vehicle not later than 4 years after such date of enactment, and

"(5) who meets the terms, conditions, and other requirements in effect under subsection (b)(3) on the day before the date of the enactment of this subsection.

Paragraphs (1) through (5) shall be carried out by certification in such form as either the Secretary or the Secretary of the Treasury may prescribe. As used in this subsection, the term 'assigned place of employment' means the principal location at which an individual is permanently or indefinitely assigned to work. In the case of a member of the uniformed services, such term means the individual's permanent duty station.

"(h) Subsections (a)(1)(A) and (c)(1) shall not apply to any motor vehicle if the motor vehicle is imported on a temporary basis for personal use by any individual—

"(1) who is (A) a member of the personnel of a foreign government on assignment in the United States or a member of the Secretariat of a public international organization so designated under the International Organization Immunities Act, and (B) within the class of persons for whom free entry of motor vehicles has been authorized by the Secretary of State, or

"(2) who is a member of the armed forces of a foreign country on assignment in the United States.

The Secretary or the Secretary of the Treasury may require such verification of such status as the Secretary considers appropriate. The Secretary shall ensure that any motor vehicle entered under this subsection will be exported (at no cost to the United States) or abandoned to the United States when the individual involved ceases to reside in the United States and hold such status. No motor vehicle imported under this subsection may be sold while within the United States. Exports.

"(i) Subsections (a)(1)(A) and (c)(1) shall not apply to any motor vehicle that is 25 or more years old.

Research and development. Racing.

"(j) The Secretary may exempt any motor vehicle or item of motor vehicle equipment from subsections (a)(1)(A) and (c)(1) upon such terms and conditions as the Secretary may find necessary solely for the purpose of research, investigations, studies, demonstrations or training, or competitive racing events.".

(c) MANUFACTURER'S CERTIFICATION REQUIRED.—Section 108(a)(1)(A) (15 U.S.C. 1397(a)(1)(A)) is amended by inserting after "conformity with such standard" the following: "and is covered by a certification issued under section 114,".

(d) TECHNICAL AMENDMENTS.—Section 108(a)(1)(A) (15 U.S.C. 1397(a)(1)(A)) is amended by striking out "subsection (b) of".

"§ 6332. General authority

"Notwithstanding any provision of subchapter I, and subject to the provisions of this subchapter, the Office of Personnel Management shall establish a program under which annual leave accrued or accumulated by an employee may be transferred to the annual leave account of any other employee if such other employee requires additional leave because of a medical emergency.

"§ 6333. Receipt and use of transferred leave

"(a)(1) An application to receive donations of leave under this subchapter, whether submitted by or on behalf of an employee—

"(A) shall be submitted to the employing agency of the proposed leave recipient; and

"(B) shall include—

"(iii) if the employing agency so requires, certification from 1 or more physicians, or other appropriate experts, with respect to any matter under clause (ii); and

"(iv) any other information which the employing agency may reasonably require.

"(2) If an agency requires that an employee obtain certification under paragraph (1)(B)(iii) from 2 or more sources, the agency shall ensure, either by direct payment to the expert involved or by reimbursement, that the employee is not required to pay for the expenses associated with obtaining certification from more than 1 of such sources.

"(3) An employing agency shall approve or disapprove an application of a proposed leave recipient for leave under this subchapter, and, to the extent practicable, shall notify the proposed leave recipient (or other person acting on behalf of the proposed recipient, if appropriate) of the decision of the agency, in writing, within 10 days (excluding Saturdays, Sundays, and legal public holidays) after receiving such application.

"(b) A leave recipient may use annual leave received under this subchapter in the same manner and for the same purposes as if such leave recipient had accrued that leave under section 6303, except that any annual leave, and any sick leave, accrued or accumulated by the leave recipient and available for the purpose involved must be exhausted before any transferred annual leave may be used.

"(c) Transferred annual leave—

"(1) may accumulate without regard to any limitation under section 6304; and

"(2) the employing agency of such leave recipient determines, after written notice and opportunity for the leave recipient (or, if appropriate, another person acting on behalf of the leave recipient) to answer orally or in writing, that the medical emergency no longer exists; or

"(3) the leave recipient is separated from service.

"(b)(1) The employing agency of a leave recipient shall, consistent with guidelines prescribed by the Office of Personnel Management, establish procedures to ensure that a leave recipient is not permitted to use or receive any transferred leave under this subchapter after the medical emergency terminates.

"§ 6336. Restoration of transferred leave

"(a)(1) The Office of Personnel Management shall establish procedures under which, except as provided in paragraph (2), any transferred leave remaining to the credit of a leave recipient when the medical emergency affecting the leave recipient terminates shall be restored on a prorated basis by transfer to the appropriate accounts of the respective leave donors.

"(A) if the amount of leave which would be restored to such donor would be less than 1 hour or any other shorter period of time which the Office may by regulation prescribe;

"(B) if such donor retires, dies, or is otherwise separated from service, before the date on which such restoration would otherwise be made; or

"(C) if such restoration is not administratively feasible, as determined under regulations prescribed by the Office.

"(3) donating such leave in whole or part to another leave recipient; if a leave donor elects to donate only part of restored leave to another recipient, the donor may elect to have the remaining leave credited to the donor's annual leave account in accordance with paragraph (1) or (2).

"(c) The Office shall prescribe regulations under which this section shall be applied in the case of an employee who is paid other than on the basis of biweekly pay periods. Regulations.

"(d) Restorations of leave under this section shall be carried out in a manner consistent with regulations prescribed to carry out section 6334(c), if applicable.

"(B) shall not become available for use by such employee, and may not otherwise be taken into account under subchapter I, until, in accordance with subsection (c), it is transferred to the appropriate leave account of such employee under subchapter I.

"(c)(1) Any annual or sick leave accrued by an employee under this section shall be transferred to the appropriate leave account of such employee under subchapter I, effective as of the beginning of the first applicable pay period beginning after the date on which the employee's medical emergency terminates as described in paragraph (1) or (2) of section 6335(a).

"(2) If the employee's medical emergency terminates as described in section 6335(a)(3), no leave shall be credited to such employee under this section.

"§ 6338. Prohibition of coercion

TITLE II—ACADEMIC RESEARCH FACILITIES MODERNIZATION

Academic Research Facilities Modernization Act of 1988.

SHORT TITLE

SEC. 201. This title may be cited as the "Academic Research Facilities Modernization Act of 1988". 42 USC 1861 note.

FINDINGS AND PURPOSE

SEC. 202. (a) The Congress finds that— 42 USC 1862a.

(1) the fundamental research and related education program supported by the Federal Government and conducted by the Nation's universities and colleges are essential to our national security, and to our health, economic welfare, and general well-being;

(2) many national research and related education programs conducted by universities and colleges are now hindered by obsolete research buildings and equipment, and many institutions lack sufficient resources to repair, renovate, or replace their laboratories;

(3) the Nation's capacity to conduct high quality research and education programs and to maintain its competitive position at the forefront of modern science, engineering, and technology is threatened by this research capital deficit, which poses serious and adverse consequences to our future national security, health, welfare, and ability to compete in the international marketplace;

(4) a national effort to spur reinvestment in research facilities is needed, and national, State, and local policies and cooperative programs are required that will yield maximum return on the investment of scarce national resources and sustain a commitment to excellence in research and education; and

(5) the Foundation, as part of its responsibility for maintaining the vitality of the Nation's academic research, and in partnership with the States, industry, and universities and colleges, must assist in enhancing the historic linkages between Federal investment in academic research and training and investment in the research capital base by reinvesting in the capital facilities which modern research and education programs require.

(b) It is the purpose of this title to assist in modernizing and revitalizing the Nation's research facilities at institutions of higher education, independent non-profit research institutions and research museums, and consortia thereof, through capital investment.

ESTABLISHMENT OF PROGRAM

42 USC 1862b.

SEC. 203. (a)(1) To carry out this title, the Director shall establish and carry out a new Academic Research Facilities Modernization Program (hereafter in this title referred to as the "Program"), under which awards are made to institutions of higher education, independent nonprofit research institutions, and research museums, and consortia thereof, for the repair, renovation, or, in exceptional cases, replacement of obsolete science and engineering facilities primarily devoted to research.

(2) Such awards shall, consistent with the functions of the Foundation set forth in section 3 of the National Science Foundation Act of 1950 (42 U.S.C. 1862) and through established Foundation selection procedures, serve to—

(A) promote the modernization of graduate academic science and engineering research laboratories and related facilities so as to facilitate and support research in the scientific and engineering disciplines;

(B) assist those academic institutions that historically have received relatively little Federal research and development funds to improve their academic science and engineering infrastructures and broaden and strengthen the Nation's science and engineering base; and

(C) promote the modernization of undergraduate academic science and engineering research laboratories and related facilities so as to facilitate and support research in the scientific and engineering disciplines.

(b)(1) The Program shall be carried out through projects which involve the repair, renovation, or, in exceptional cases, replacement of specific science and engineering facilities devoted primarily to research at eligible institutions, or consortia thereof, and for which funds are awarded in response to specific proposals submitted by such eligible institutions or consortia in accordance with procedures prescribed by the Director pursuant to section 204 of this Act.

(2) Awards made under the Program shall not exceed $7,000,000 to any institution or consortium over any period of 5 years for the repair, renovation, or, in exceptional cases, replacement of academic research facilities.

(3) The Director shall, in making awards under the Program, consider the extent to which that institution or consortium has received funds for the repair, renovation, construction, or replacement of academic facilities from any other Federal funding source within the 5-year period immediately preceding the application. The Director shall give priority to institutions or consortia that have not received such funds in the preceding 5 years.

(4) The Director shall, in awarding funds under this title, consider the distribution of funds among institutions of different sizes and geographical locations.

(c) Criteria for the award of funds to any institution for a project under the Program shall include—

(1) the quality of the research and training to be carried out in the facility or facilities involved;

(2) the need for the proposed repair, renovation, or, in exceptional cases, replacement based on an analysis of the age and condition of existing research facilities and equipment;

(3) the congruence of the institution's research and training activities with the future research needs of the Nation and the research mission of the Foundation;

(4) the contribution that the project will make toward meeting national, regional, and institutional research and related training needs;

(5) in the case of an institution that historically has received relatively little Federal research and development funding, the contribution the proposed project will make to improving the institution's academic scientific and engineering infrastructure and broadening the Nation's science and engineering base; and

(6) the impact of the award on the overall geographic distribution of awards made under the Program, with the objective of avoiding undue concentration of awards.

PROCEDURES, GUIDELINES, AND PLANNING ACTIVITIES

SEC. 204. (a)(1) The Director shall, consistent with the objectives of the Program and the criteria set forth in section 203(c) of this Act, set forth procedures for the Program. 42 USC 1862c.

(2) The procedures so prescribed shall contain such terms, conditions, and guidelines as may be necessary in the light of Program objectives, but shall in any event provide that—

(A) funds to carry out the Program will be awarded only on the basis of merit after a comprehensive review using established Foundation procedures;

(B) the membership of merit review panels that assess proposals will be broadly representative of eligible institutions, including research universities and predominantly undergraduate and minority institutions;

(C) the institution receiving an award shall provide at least 50 percent of the cost, in cash or in kind, fairly evaluated, of the repair, renovation, or replacement involved and shall provide this contribution from private or non-Federal public sources, except that the Director may accept a match of less than 50 percent, but at least 30 percent, for institutions which are not ranked among the top 100 of the institutions receiving Federal research and development funding, as documented in the latest annual report of the Foundation entitled "Federal Support to Universities, Colleges, and Selected Nonprofit Institutions"; and

(D) to the extent practicable, eligible institutions of a given type will compete against similar institutions for Program awards.

(b) The Director shall conduct comprehensive planning activities, including surveys of research facility needs and other information-gathering activities, necessary to implement the Program and to develop the procedures called for under subsection (a) of this section.

Federal Register, publication.

(c) Prior to the issuance of the comprehensive plan required by subsection (d) of this section, and consistent with the Program criteria set forth in section 203(c) of this Act, the Director shall publish in the Federal Register proposed Program guidelines for public review for a comment period of 30 days. Such guidelines shall provide detailed information on eligibility, criteria, terms, and conditions and shall include, but not be limited to—

(1) definitions for the terms "institutions of higher education", "private non-profit research organizations", "research museums", "consortia", "facilities", "facilities primarily devoted to research", "instrumentation", "equipment", "repair", "renovation", and "replacement";

(2) selection criteria to be used by the Foundation in evaluating proposals from institutions and consortia thereof, including criteria for evaluating scientific merit and for evaluating the age and condition of existing research facilities; and

(3) requirements for matching a Program award with contributions from non-Federal sources.

(d) The Director, after gathering appropriate information and after considering comments on the proposed Program guidelines published in the Federal Register pursuant to subsection (c) of this section, shall develop a comprehensive plan for the Program that—

(1) defines the appropriate roles and responsibilities of the Federal Government, institutions of higher education, State governments, private foundations, and other appropriate organizations;

(2) states what procedures will be used to ensure that predominantly undergraduate institutions and colleges and universities that historically have received little Federal research and development funding will receive substantial percentages of the funds awarded under this title;

(3) states the estimated percentage of Program funds available for each category of eligible institutions, including

predominantly undergraduate institutions and colleges and universities that historically have received little Federal research and development funding as well as research universities; and

(4) evaluates and addresses, to the maximum extent possible, a variety of factors which include—

(A) the unique circumstances and research facilities needs of research universities, undergraduate institutions, and other institutions whose enrollment includes substantial percentages of minorities underrepresented in science and engineering research;

(B) innovative approaches in the management of the Program that address both short-term and long-term aspects of the renovation, repair, and replacement of academic research facilities;

(C) programmatic approaches that recognize and support excellence, strengthen scientific and engineering research potential and, to the maximum extent possible and consistent with the purposes of this Act, assure an equitable distribution of resources with respect to institutions and geographical areas; and

(D) any recommendations necessary to improve the Program and further meet the purposes of this title.

(e) The Director shall prepare and submit, not later than June 15, 1989, a report containing the comprehensive plan required by subsection (d) of this section to the Committee on Labor and Human Resources and the Committee on Commerce, Science, and Transportation of the Senate and the Committee on Science, Space, and Technology of the House of Representatives. Reports.

(f) Final guidelines shall be published in the Federal Register not later than 45 days after the submission of the report required under subsection (e). Federal Register, publication.

(g) The Director shall, from amounts available to the Foundation under section 101(b) of this Act for fiscal year 1989, make available an amount, not to exceed $1,000,000, to carry out the provisions of this section. None of the funds authorized to be appropriated in section 101 of this Act may be used for grant or contract awards under the Program prior to completion and submission to Congress of the comprehensive plan required by subsection (d) of this section.

(h) In conducting the activities under the Program, the Director shall consult with the Secretary of Education and the heads of other related agencies.

Public Law 100-571
100th Congress

An Act

To establish the National Park of American Samoa.

Oct. 31, 1988
[H.R. 4818]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Conservation. Environmental protection. Forests and forest products. Historic preservation. Wildlife. 16 USC 410qq.

SECTION 1. FINDINGS AND PURPOSES.

(a) FINDINGS.—The Congress finds that:

(1) Tropical forests are declining worldwide.

(2) Tropical forests contain 50 percent of the world's plant and animal species, contribute significantly to the advancement of science, medicine, and agriculture and produce much of the earth's oxygen. The loss of these forests leads to the extinction of species, lessening the world's biological diversity, reduces the potential for new medicines and crops and increases carbon dioxide levels in the atomosphere contributing to the greenhouse effect that is altering the global climate.

(3) The tropical forest of American Samoa is one of the last remaining undisturbed paleotropical forests.

(4) The tropical forest in American Samoa is the largest such forest under direct control of the United States.

(5) The tropical forest of American Samoa contains the habitat of one of the last remaining populations of Pacific flying foxes.

(2) The Secretary shall place all lease payments made by the United States under the lease in an interest bearing escrow account in American Samoa. Funds in such account may be disbursed only by the Governor, in amounts determined by the High Court of American Samoa, to those villages and families located within the boundaries of the park. The High Court of American Samoa shall have exclusive jurisdiction to determine the amount to be disbursed under this section to any person.

SEC. 3. SENSE OF THE CONGRESS.

It is the sense of the Congress that the United States Postal Service and the Department of Agriculture should, using the resources and methods available to each, engage in a joint effort to educate the public as to the types of harm which can result from the transmission to different parts of the country of plants, fruits,

vegetables, and other matter which may be carrying dangerous plant diseases or pests. To that end, particular emphasis should be placed on such matters as—

(1) the potential for injury to crops and other agricultural products, and the economic consequences to farmers, the consumer, and the Nation's balance of trade, likely to result therefrom;

(2) the environmental impact associated with the spread of plant diseases and pests, including the potentially catastrophic consequences which can result if a natural predator or other inhibiting factor which is present in one area is absent in an area to which the disease or pest has spread; and

Public Law 100-576
100th Congress

An Act

Concerning disaster assistance for Bangladesh.

Oct. 31, 1988
[H.R. 5389]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

Bangladesh Disaster Assistance Act of 1988.
7 USC 1691 note.

This Act may be cited as the "Bangladesh Disaster Assistance Act of 1988".

SEC. 2. FINDINGS.

The Congress finds that—

(1) as a result of the 1988 floods, two-thirds of Bangladesh has been inundated with flood waters;

(2) over 30 million people in Bangladesh are homeless, over 2,000 dead, tens of thousands ill, and potentially millions at risk of waterborne disease and epidemic because of lack of safe water and overcrowding;

(3) transportation, communications, and normal commerce in Bangladesh have been seriously interrupted, with a potential cost for replacing destroyed or damaged infrastructure of $500,000,000;

(4) agricultural lands have been flooded, with a potential crop loss of nearly $1,000,000,000;

(5) the people of the United States have respected and generously supported the efforts of the people of Bangladesh to maintain their independence, promote equitable economic growth, and strive for political pluralism and greater democracy; and

(6) the Government of Bangladesh has taken quick action to cope with this disaster, one of the most serious in the history of Bangladesh, but must rely on a generous response from the international community for emergency assistance and, even more importantly, for the expertise and resources needed to prevent the continual recurrence of such disastrous floods.

SEC. 3. COMMENDATION OF AND SUPPORT FOR THE PEOPLE OF BANGLADESH.

The Congress—

(1) commends the courage and resourcefulness demonstrated by the people of Bangladesh in response to the 1988 floods;

(2) commends the President for the generous provision by the United States of emergency assistance for Bangladesh;

(3) commends United States private and voluntary organizations, international organizations, foreign governments, and others for their compassionate response to this natural disaster;

(4) expresses its support for the people of Bangladesh at this most critical time;

(5) declares its willingness to work with the President to provide generous levels of emergency humanitarian assistance to the people of Bangladesh;

(6) declares its willingness to work with the Government of Bangladesh and with private and voluntary organizations to ensure that emergency assistance quickly reaches those most in need; and

(7) declares its willingness to work with the international community to seek the means to prevent a recurrence of such natural disasters, and urges the President to promote a regional solution designed to prevent a recurrence of such natural disasters.

SEC. 4. EMERGENCY ASSISTANCE FOR BANGLADESH.

(a) USE OF FOOD FOR DEVELOPMENT LOCAL CURRENCIES FOR DISASTER ASSISTANCE.—(1) Section 301 of the Agricultural Trade Development and Assistance Act of 1954 is amended by adding at the end the following:

7 USC 1727.

Rural areas.
Urban areas.

"(c) In the event of a serious natural disaster in a country participating in a Food for Development Program, funds accruing from the sale of commodities made available under this title may be used, with the approval of the United States Government, for disaster relief, rehabilitation, and reconstruction assistance in any rural or urban area of that country adversely affected by the disaster. Such assistance may include (but is not limited to) food, medicine and medical supplies, shelter, and in-country transportation.".

Health and medical care.

7 USC 1727 note.

(2) Food for Development agreements entered into under title III of that Act before the date of enactment of this Act may be amended in order to implement the amendment made by paragraph (1).

7 USC 1727 note.

(3) Pending amendment pursuant to paragraph (2) of Food for Development agreements with the Government of Bangladesh, the use of funds accruing under those agreements, with the approval of the United States Government, for flood-related disaster assistance authorized by the amendment made by paragraph (1) shall be deemed to be consistent with the applicable agreement.

(b) ADDITIONAL FUNDS FOR DISASTER ASSISTANCE FOR BANGLADESH.—It is the sense of the Congress that, in order to provide additional resources for disaster assistance for the victims of the 1988 floods in Bangladesh, not less than $100,000,000 of the local currencies generated under Food for Development agreements with the Government of Bangladesh should be used for the disaster relief, rehabilitation, and reconstruction assistance purposes authorized by the amendment made by subsection (a)(1).

(c) REGULAR ASSISTANCE PROGRAMS TO BE MAINTAINED.—Disaster assistance provided for Bangladesh by the United States because of the 1988 floods should be in addition to the regularly programmed assistance for that country for fiscal year 1989 under chapter 1 of part I of the Foreign Assistance Act of 1961 (relating to development assistance) and titles I, II, and III of the Agriculture Trade Development and Assistance Act of 1954 (relating to food assistance); and the level of such regularly programmed assistance should not be reduced because of such disaster assistance.

(d) EXTENSION OF PERIOD FOR USE OF FOOD FOR DEVELOPMENT LOCAL CURRENCIES.—It is the sense of the Congress that the period, during which funds accruing under Food for Development agree-

ments with the Government of Bangladesh must be used, should be extended from September 30, 1989, to at least September 30, 1990.

SEC. 5. REPORT TO CONGRESS.

President of U.S.

(a) IN GENERAL.—Not later than 6 months after the date of enactment of this Act, the President shall submit to the Congress a report on efforts by the international community and the governments of the region to develop regional programs for the Ganges basin and the Brahmaputra basin that are designed—

(1) to ensure an equitable and predictable supply of water in the dry season; and

(2) to promote better flood control mechanisms to mitigate in the mid-term, and prevent in the long-term, floods as severe as the 1988 floods in Bangladesh.

(b) SPECIFIC REQUIREMENTS.—The report required by subsection (a)—

(1) shall describe what efforts have been made by international organizations and other international institutions, by bilateral and multilateral assistance donors, and by countries in the region, to achieve the objectives set forth in subsection (a);

(2) shall describe the feasibility studies, planning studies, or actual projects that are in preparation or have been completed to achieve those objectives;

(3) shall analyze the potential costs, the technology obstacles (such as those presented by the earthquakes to which the region is prone), and the political problems that stand in the way of effective flood control in the Ganges basin and the Brahmaputra basin;

(4) shall describe the environmental causes of the flood, particularly deforestation and soil erosion; and

(5) shall describe the efforts made, and the efforts proposed to be made, by the President to promote a regional approach to achieving the objectives set forth in subsection (a).

SEC. 6. OFFICE OF TECHNOLOGY ASSESSMENT.

It is the sense of the Congress that the Office of Technology Assessment—

(1) should cooperate in the effort described in section 5; and

(2) in particular, should provide to the Department of State and the Congress—

(A) a synopsis of all current studies and reports—

(i) on flood control in the Ganges basin and the Brahmaputra basin, or

(ii) on state-of-the-art technology available for the construction and maintenance of flood control projects, and

(B) any cost benefit analysis of efforts to improve water availability in the dry season and to mitigate or prevent severe flooding.

SEC. 4. (a) The Congress finds that—

(1) the Pacific Ocean region is of strategic importance to the United States, and other nations are seeking to establish their influence in this region;

(2) the Pacific Basin communities are important economically to the United States, and have sought a close relationship with the United States;

(3) because the Pacific Basin communities are geographically isolated and because many of such communities are relatively poor, they are in great need of quality, low cost communications services to maintain contact among themselves and with other countries; and

(4) since August 1985, the Pacific Basin communities have been without a vital communications service because the ATS-1 satellite of the National Aeronautics and Space Administration ceased operation.

Community development.

(b) It is the purpose of this section to assist in the acquisition of satellite communications services until commercially viable alternatives are available and to provide initial funding in order that the Pan-Pacific Educational and Cultural Experiments by Satellite Program again serves the educational, medical, and cultural needs of the Pacific Basin communities.

(c)(1) The Secretary of Commerce shall expeditiously negotiate and acquire satellite space segment capacity for communications services for the Pacific Ocean region for former users of the ATS-1 satellite of the National Aeronautics and Space Administration.

Defense and national security.

(2)(A) Such satellite space segment capacity may, for a period of three years from the time it is acquired, operate in those portions of the UHF frequency band (225-400 Megahertz) assigned to the Department of the Navy, unless the President finds that the use of such spectrum solely by the Department of Defense is essential to the national security of the United States.

(B) The Secretary of the Navy shall join with the Secretary of Commerce in the negotiation and acquisition of satellite space segment capacity under this section in any case where the capacity to be used is the capacity specified in subparagraph (A) of this paragraph.

(3)(A) The Secretary of Commerce shall provide to the managers of the Pan-Pacific Educational and Cultural Experiments by Satellite Program such funds as the Secretary of Commerce considers necessary to manage the operation of satellite communications services acquired under this subsection.

Records.

(B) The recipient of funds under subparagraph (A) of this paragraph shall keep such records as may reasonably be necessary to enable the Secretary of Commerce to conduct an effective audit of such funds.

(C) The Secretary of Commerce and the Comptroller General of the United States, or any of their duly authorized representatives, shall have access for the purpose of audit and examination to any books, documents, papers, and records of such recipient that are pertinent to the funds received under subparagraph (A) of this paragraph.

(d) There are authorized to be appropriated $1,700,000 for each of the fiscal years 1988 and 1989 for use by the Secretary of Commerce in the development, including the acquisition, of satellite communications services under subsection (c) of this section. 100th Congress

An Act

To facilitate and implement the settlement of Colorado Ute Indian reserved water rights claims in southwest Colorado, and for other purposes.

Nov. 3, 1988
[H.R. 2642]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Colorado Ute Indian Water Rights Settlement Act of 1988.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Colorado Ute Indian Water Rights Settlement Act of 1988".

SEC. 2. FINDINGS.

The Congress finds that—

(1) The Federal reserved water rights claims of the Ute Mountain Ute Indian Tribe and the Southern Ute Indian Tribe are the subject of existing and prospective lawsuits involving the United States, the State of Colorado, and numerous parties in southwestern Colorado.

(2) These lawsuits will prove expensive and time consuming to the Indian and non-Indian communities of southwestern Colorado.

(3) The major parties to the lawsuits and others interested in the settlement of the water rights claims of the Ute Mountain Ute Indian Tribe and the Southern Ute Indian Tribe have worked diligently to settle these claims, resulting in the June 30, 1986, Binding Agreement for Animas-La Plata Project Cost Sharing which was executed in compliance with the cost sharing requirements of chapter IV of Public Law 99-88 (99 Stat. 293), and the December 10, 1986, Colorado Ute Indian Water Rights Final Settlement Agreement.

(4) The Ute Mountain Ute Indian Tribe and the Southern Ute Indian Tribe, by resolution of their respective tribal councils, which are the duly recognized governing bodies of each Tribe, have approved the December 10, 1986, Agreement and sought Federal implementation of its terms.

(5) This Act is required to implement portions of the above two agreements.

(a) WATER FROM THE ANIMAS-LA PLATA AND DOLORES PROJECTS.—The Secretary is authorized to supply water to the Tribes from the Animas-La Plata and Dolores Projects in accordance with the Agreement: *Provided,* That nothing in this subsection or in the authorized purposes of the projects may be construed to permit or prohibit the sale, exchange, lease, use, or other disposal of such water by the Tribes. Any such sale, exchange, lease, use, or other disposal of water from these projects shall be governed solely by the other provisions of this Act and the Agreement as modified pursuant to section 11 of this Act.

(b) APPLICATION OF FEDERAL RECLAMATION LAWS.—Except as provided in section 5 of this Act, the water supplied to the Tribes from the Animas-La Plata Project and the Dolores Project shall be subject to Federal reclamation laws only to the extent needed to effectuate the terms and conditions contained in Article III, section A, subsections 1 and 2 and Article III, section B of subsection 1 of the Agreement.

SEC. 5. DISPOSAL OF WATER.

(a) INDIAN INTERCOURSE ACT.—The provisions of section 2116 of the Revised Statutes (25 U.S.C. 177) shall not apply to any water rights confirmed in the Agreement and the final consent decree: *Provided,* That nothing in this subsection shall be considered to amend, construe, supersede, or preempt any State law, Federal law, interstate compact, or international treaty that pertains to the Colorado River or its tributaries, including the appropriation, use, development, storage, regulation, allocation, conservation, exportation, or quality of those waters.

Courts, U.S.

(b) RESTRICTION ON DISPOSAL OF WATERS INTO LOWER COLORADO RIVER BASIN.—None of the waters from the Animas-La Plata or Dolores Projects may be sold, exchanged, leased, used, or otherwise disposed of into or in the Lower Colorado River Basin unless water within the Colorado River Basin held by non-Federal, non-Indian holders of that water pursuant to any water rights could be so sold,

exchanged, leased, used, or otherwise disposed of under State law, Federal law, interstate compacts, or international treaty pursuant to a final, nonappealable order of a Federal court or pursuant to an agreement of the seven States signatory to the Colorado River Compact.

(c) USE OF WATER RIGHTS.—(1) The use of the rights referred to in subsection (a) within the State of Colorado shall be governed solely as provided in the Agreement as modified pursuant to section 11 of this Act and this subsection. The Agreement is hereby modified to provide that a Tribe may voluntarily elect to sell, exchange, lease, use, or otherwise dispose of any portion of a water right confirmed in the Agreement and final consent decree off its reservation. If either the Southern Ute Indian Tribe or the Ute Mountain Ute Indian Tribe so elects, and as a condition precedent to such sale, exchange, lease, use, or other disposition, that portion of the Tribe's water right shall be changed to a Colorado State water right, but be such a State water right only during the use of that right off the reservation, and shall be fully subject to State laws, Federal laws, interstate compacts, and international treaties applicable to the Colorado River and its tributaries, including the appropriation, use, development, storage, regulation, allocation, conservation, exportation, or quality of those waters. Contracts.

(2) The characterizations in the Agreement of any water rights which may be used off the reservation of the respective Tribe as either "project reserved water right" or "nonproject reserved water right" are hereby expressly disapproved and any claim to water rights so characterized shall be extinguished when the final consent decree is entered.

(d) RULES OF CONSTRUCTION.—Nothing in this Act or in the Agreement shall—

(1) constitute authority for the sale, exchange, lease, use, or other disposal of any Federal reserved water right off the reservations;

(2) constitute authority for the sale, exchange, lease, use, or other disposal of any water held pursuant to a Colorado State water right, or of any Colorado State water right, outside the State of Colorado; or

(3) be deemed a congressional determination that any holders of water rights do or do not have authority under existing law to sell, exchange, lease, use, or otherwise dispose of such water or water rights outside the State of Colorado.

SEC. 6. REPAYMENT OF PROJECT COSTS. Contracts.

(a) MUNICIPAL AND INDUSTRIAL WATER.—(1) The Secretary shall defer, without interest, the repayment of the construction costs allocable to each Tribe's municipal and industrial water allocation from the Animas-La Plata and Dolores Projects until water is first used either by the Tribe or pursuant to a water use contract with the Tribe. Until such water is first used either by a Tribe or pursuant to a water use contract with the Tribe, the Secretary shall bear the annual operation, maintenance, and replacement costs allocable to the Tribe's municipal and industrial water allocation from the Animas-La Plata and Dolores Projects, which costs shall not be reimbursable by the Tribe.

(2) As an increment of such water is first used by a Tribe or is first used pursuant to the terms of a water use contract with the Tribe, repayment of that increment's pro rata share of such allocable construction costs shall commence by the Tribe and the Tribe shall commence bearing that increment's pro rata share of the allocable annual operation, maintenance, and replacement costs.

(b) AGRICULTURAL IRRIGATION WATER.—(1) The Secretary shall defer, without interest, the repayment of the construction costs

within the capability of the land to repay, which are allocable to each Tribe's agricultural irrigation water allocation from the Animas-La Plata and Dolores Projects in accordance with the Act of July 1, 1932 (25 U.S.C. 386a; commonly referred to as the "Leavitt Act"), and section 4 of the Act of April 11, 1956 (70 Stat. 107; 43 U.S.C. 620c; commonly referred to as the "Colorado River Storage Project Act"). Such allocated construction costs which are beyond the capability of the land to repay shall be repaid as provided in subsection (g) of this section. Until such water is first used either by a Tribe or pursuant to a water use contract with the Tribe, the Secretary shall bear the annual operation, maintenance, and replacement costs allocable to the Tribe's agricultural irrigation allocation from the Animas-La Plata Project, which costs shall not be reimbursable by the Tribe.

(2) As an increment of such water is first used by a Tribe or is first used pursuant to the terms of a water use contract with the Tribe, the Tribe shall commence bearing that increment's pro rata share of the allocable annual operation, maintenance, and replacement costs.

Agriculture and agricultural commodities.

During any period in which water is used by a tribal lessee on land owned by non-Indians, the Tribe shall bear that increment's pro rata share of the allocated agricultural irrigation construction costs within the capability of the land to repay as established in subsection (b)(1).

(c) ANNUAL COSTS WITH RESPECT TO RIDGES BASIN PUMPING PLANT.—(1) The Secretary shall bear any increased annual operation, maintenance, and replacement costs to Animas-La Plata Project water users occasioned by a decision of either Tribe not to take delivery of its Animas-La Plata Project water allocations from Ridges Basin Pumping Plant through the Long Hollow Tunnel and the Dry Side Canal pursuant to Article III, section A, subsection 2.i and Article III, section B, subsection 1.i of the Agreement until such water is first used either by a Tribe or pursuant to a water use contract with the Tribe. Such costs shall not be reimbursable by the Tribe.

(2) As an increment of its water from the Animas-La Plata Project is first used by a Tribe or is first used pursuant to the terms of a water use contract with the Tribe, the Tribe shall commence bearing that increment's pro rata share of such increased annual operation, maintenance, and replacement costs, if any.

(d) SECRETARIAL DEFERRAL.—The Secretary may further defer all or a part of the tribal construction cost obligations and bear all or a part of the tribal operation, maintenance, and replacement obligations described in this section in the event a Tribe demonstrates that it is unable to satisfy those obligations in whole or in part from the gross revenues which could be generated from a water use contract for the use of its water either from the Dolores or the Animas-La Plata Projects or from the Tribe's own use of such water.

(e) USE OF WATER.—For the purpose of this section, use of water shall be deemed to occur in any water year in which a Tribe actually uses water or during the term of any water use contract. A water use contract pursuant to which the only income to a Tribe is in the nature of a standby charge is deemed not to be a use of water for the purposes of this section.

(f) AUTHORIZATION OF APPROPRIATIONS.—There is hereby authorized to be appropriated such funds as may be necessary for the Secretary to pay the annual operation, maintenance, and replacement costs as provided in this section.

(g) COSTS IN EXCESS OF ABILITY OF THE IRRIGATORS TO REPAY.—The portion of the costs of the Animas-La Plata Project in excess of the ability of the irrigators to repay shall be repaid from the Upper Colorado River Basin Fund pursuant to the Colorado River Storage Project Act and the Colorado River Basin Project Act.

(h) DEFERRAL OF CERTAIN CONSTRUCTION COSTS.—Repayment of the portion of the construction costs of the Florida Project which have been allocated to the 563 acre-feet of agricultural irrigation water for which the Southern Ute Tribe is responsible shall be deferred by the Secretary pursuant to the Act of July 1, 1932 (25 U.S.C. 386a; 47 Stat. 564) as provided in section 4(d) of the Act of April 11, 1956 (43 U.S.C. 620c; 70 Stat. 107), and the Florida Water Conservancy District's current repayment obligation shall not change.

SEC. 7. TRIBAL DEVELOPMENT FUNDS.

(a) ESTABLISHMENT.—There is hereby authorized to be appropriated the total amount of $49,500,000 for three annual installment payments to the Tribal Development Funds which the Secretary is authorized and directed to establish for each Tribe. Subject to appropriation, and within 60 days of availability of the appropriation to the Secretary, the Secretary shall allocate and make payment to the Tribal Development Funds as follows: Appropriation authorization.

(1) To the Southern Ute Tribal Development Fund, in the first year, $7,500,000; in the two succeeding years, $5,000,000 and $5,000,000, respectively.

(2) To the Ute Mountain Ute Tribal Development Fund, in the first year, $12,000,000; in the two succeeding years, $10,000,000 and $10,000,000, respectively.

(b) ADJUSTMENT.—To the extent that any portion of such amount is contributed after the period described above or in amounts less than described above, the Tribes shall, subject to appropriation Acts, receive, in addition to the full contribution to the Tribal Development Funds, an adjustment representing the interest income as determined by the Secretary in his sole discretion that would have been earned on any unpaid amount had that amount been placed in the fund as set forth in section 7(a).

(c) TRIBAL DEVELOPMENT.—(1) The Secretary shall, in the absence of an approved tribal investment plan provided for in paragraph (2), invest the moneys in each Tribal Development Fund in accordance with the Act entitled "An Act to authorize the deposit and investment of Indian funds" approved June 24, 1938 (25 U.S.C. 162a). Separate accounts shall be maintained for each Tribe's development fund. The Secretary shall disburse, at the request of a Tribe, the principal and income in its development fund, or any part thereof, in accordance with an economic development plan approved under paragraph (3). Securities.

(2) Each Tribe may submit a tribal investment plan for all or part of its Tribal Development Fund as an alternative to the investment provided for in paragraph (1). The Secretary shall approve such investment plan within 60 days of its submission if the Secretary finds the plan to be reasonable and sound. If the Secretary does not approve such investment plan, the Secretary shall set forth in writing and with particularity the reasons for such disapproval. If such investment plan is approved by the Secretary, the Tribal Development Fund shall be disbursed to the Tribe to be invested by the Tribe in accordance with the approved investment plan. The

Secretary may take such steps as he deems necessary to monitor compliance with the approved investment plan. The United States shall not be responsible for the review, approval, or audit of any individual investment under the plan. The United States shall not be directly or indirectly liable with respect to any such investment, including any act or omission of the Tribe in managing or investing such funds. The principal and income from tribal investments under an approved investment plan shall be subject to the provisions of this section and shall be expended in accordance with an economic development plan approved under paragraph (3).

(3) Each Tribe shall submit an economic development plan for all or any portion of its Tribal Development Fund to the Secretary. The Secretary shall approve such plan within 60 days of its submission if the Secretary finds that it is reasonably related to the economic development of the Tribe. If the Secretary does not approve such plan, the Secretary shall, at the time of decision, set forth in writing and with particularity the reasons for such disapproval. Each Tribe may alter the economic development plan, subject to the approval of the Secretary as set forth in this subsection. The Secretary shall not be directly or indirectly liable for any claim or cause of action arising from the approval of an economic development plan or from the use and expenditure by the Tribe of the principal of the funds and income accruing to the funds, or any portion thereof, following the approval by the Secretary of an economic development plan.

(d) PER CAPITA DISTRIBUTIONS.—Under no circumstances shall any part of the principal of the funds, or of the income accruing to such funds, or the revenue from any water use contract, be distributed to any member of either Tribe on a per capita basis.

(e) LIMITATION ON SETTING ASIDE FINAL CONSENT DECREE.—Neither the Tribes nor the United States shall have the right to set aside the final consent decree solely because subsection (c) is not satisfied or implemented.

SEC. 8. WAIVER OF CLAIMS.

(a) GENERAL AUTHORITY.—The Tribes are authorized to waive and release claims concerning or related to water rights as described in the Agreement.

(b) CONDITION ON PERFORMANCE BY SECRETARY.—Performance by the Secretary of his obligations under this Act and payment of the moneys authorized to be paid to the Tribes by this Act shall be required only when the Tribes execute a waiver and release as provided in the Agreement.

SEC. 9. ADMINISTRATION.

In exercising his authority to administer water rights on the Ute Mountain Ute and Southern Ute Indian Reservations, the Secretary, on behalf of the United States, shall comply with the administrative procedures governing the water rights confirmed in the Agreement and the Final Consent Decree to the extent provided in Article IV of the Agreement.

SEC. 10. INDIAN SELF-DETERMINATION ACT.

(a) IN GENERAL.—The design and construction functions of the Bureau of Reclamation with respect to the Dolores and Animas-La Plata Projects shall be subject to the provisions of the Indian Self-Determination and Education Assistance Act (88 Stat. 2203; 25

U.S.C. 450 et seq.) to the same extent as if such functions were performed by the Bureau of Indian Affairs.

(b) APPLICATION.—This section shall not apply if the application of this section would detrimentally affect the construction schedules of the Dolores and Animas-La Plata Projects.

SEC. 11. MODIFICATION OF AGREEMENT; RULE OF CONSTRUCTION.

(a) MODIFICATION.—The Agreement shall be deemed to have been modified to conform to this Act.

(b) RULE OF CONSTRUCTION.—The Agreement shall be construed in a manner consistent with this Act. This Act is intended solely to permit settlement of existing and prospective litigation among the signatory parties to the Agreement. This Act is the result of a voluntary compromise agreement between the Southern Ute Indian Tribe, the Ute Mountain Ute Indian Tribe, the State of Colorado, local water districts and municipalities, and the United States. Accordingly, no provision of this Act, the Agreement, or the final consent decree shall be construed as altering or affecting the determination of any questions relating to the reserved water rights belonging to other Indian tribes.

SEC. 12. INDIVIDUAL MEMBERS OF TRIBES.

Any entitlement to reserved water of any individual member of either Tribe shall be satisfied from the water secured to that member's Tribe.

SEC. 13. EFFECTIVE DATE.

(a) Sections 4(b), 5, and 6 of this Act shall take effect on the date on which the final consent decree contemplated by the Agreement is entered by the District Court, Water Division No. 7, State of Colorado. Any moneys appropriated under section 7 of this Act shall be placed into the Ute Mountain Ute and Southern Ute Tribal Development Funds in the Treasury of the United States together with other parties' contributions to the Tribal Development Funds, but shall not be available for disbursement pursuant to section 7 until such time as the final consent decree is entered. If the final consent decree is not entered by December 31, 1991, the moneys so deposited shall be returned, together with a ratable share of accrued interest, to the respective contributors and the Ute Mountain Ute and Southern Ute Tribal Development Funds shall be terminated and the Agreement may be voided by any party to the Agreement. Public Law 100-589
100th Congress

An Act

Nov. 3, 1988
[H.R. 4124]

To authorize appropriations to carry out the Atlantic Striped Bass Conservation Act for fiscal years 1989 through 1991, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

16 USC 1851 note.

SECTION 1. AUTHORIZATION OF APPROPRIATIONS.

Section 7 of the Atlantic Striped Bass Conservation Act (16 U.S.C. 1851) is amended by striking "and 1988," and inserting in lieu thereof "1988, 1989, 1990, and 1991,".

16 USC 1851 note.

SEC. 2. EFFECTIVE PERIOD.

Section 9 of the Atlantic Striped Bass Conservation Act (16 U.S.C. 1851) is amended by striking "1988." and inserting in lieu thereof "1991.".

SEC. 3. FUNDING OF STRIPED BASS STUDIES.

Section 7(d) of the Anadramous Fish Conservation Act (16 U.S.C. 757g(d)) is amended by striking "the fiscal year ending September 30, 1980," and all that follows through "September 30, 1988" and inserting in lieu thereof "each of the fiscal years 1988, 1989, 1990, and 1991".

SEC. 4. COMMISSION FUNCTIONS.

Section 4(a)(1) of the Atlantic Striped Bass Conservation Act (16 U.S.C. 1851 note) is amended by inserting "and at any other time it deems necessary," immediately after "thereafter,".

16 USC 1851 note.

SEC. 5. STUDY OF STRIPED BASS IN ALBEMARLE SOUND AND ROANOKE RIVER BASIN.

(a) FINDINGS.—The Congress finds that:

(1) The anadromous stock of striped bass in the Albemarle Sound-Roanoke River Basin area of North Carolina sustained important commercial and recreational fisheries as recently as the 1960's and 1970's.

(2) This stock has been declining for some time and is severely depressed at present, and may soon reach a level from which recovery will be exceptionally difficult.

(3) The reasons for this decline are thought to include fishing; other human activities and environmental factors, such as unsuitable water flow before, during, and after critical spawning periods; degradation of water quality by pollutants; the impact of eutrophication on the food chain, and the impact of changing land use activities.

(4) Current Federal and interstate efforts to conserve the Atlantic striped bass, while effective in identifying factors contributing to the decline of other important Atlantic coastal migratory stocks of striped bass and steps that will be effective in reversing that decline, have not made a major contribution to

the protection and restoration of the Albemarle Sound-Roanoke River stock of striped bass.

(5) Because the striped bass and the aquatic environment of the Albemarle Sound-Roanoke River basin presently are being significantly affected by combined but not fully understood causes, a study should be undertaken to obtain additional biological information to understand the significance of fishing, water flows, and other factors in the decline of the striped bass populations in the Albemarle Sound-Roanoke River basin and, if feasible, develop an effective course of action for restoring these important stocks of striped bass.

(b) STUDY.—

(1) IN GENERAL.—The Director of the United States Fish and Wildlife Service, in consultation with the Assistant Administrator for Fisheries of the National Oceanic and Atmospheric Administration shall—

(A) immediately undertake a biological study of the striped bass fishery resources and habitats of the Albemarle Sound-Roanoke River basin area;

(B) develop short-term and long-term recommendations for Federal and State government agencies for restoring and conserving such resources and habitats; and

(C) submit the results of such study and such recommendations to the Congress and to the States of North Carolina and Virginia as soon as practicable, but not later than 36 months after the date of the enactment of this Act.

North Carolina. Virginia.

(2) CONTENTS OF THE STUDY.—The study conducted under this subsection shall, to the extent existing data are adequate, use such existing data and shall include—

(A) a description of the Albemarle Sound-Roanoke River basin area, and an investigation and analysis of the effects of land and water use practices on the striped bass population and habitats of the area;

(B) an investigation and analysis of the abundance and age and geographic distribution of the Albemarle Sound-Roanoke River stock of striped bass, including the amount and geographical location of migration and spawning habitat;

(C) an investigation and analysis of factors that may affect the abundance and age and geographic distribution of the Albemarle Sound-Roanoke River stock of striped bass, including—

(i) the extent and causes of mortality at successive stages in the life cycle of striped bass, including mortality due to recreational and commercial fishing; and

(ii) the combined effects of pollution and other natural and human alterations of the physical environment, including the effects of water withdrawals, discharges, and flows, on striped bass migration and spawning and on the viability and condition of eggs and larval fish;

(D) an investigation and analysis of the status and effectiveness of current striped bass management measures implemented by State and Federal authorities, including State fishing regulations and Federal fish stocking activities, reservoir management and water flow regulation, and an analysis of whether any additional State or Federal measures would be effective in halting the decline and

initiating the recovery of the Albemarle Sound-Roanoke River stock of striped bass; and

(E) a recommendation of whether conservation of the Albermarle Sound-Roanoke River stocks of striped bass could be improved by management of these stocks under the provisions of the Atlantic States Marine Fisheries Commission's Interstate Fisheries Management Plan for Striped Bass and the Atlantic Striped Bass Conservation Act.

(c) PARTICIPATION BY STATE AGENCIES.—

(1) The Director of the North Carolina Division of Marine Fisheries, the Executive Director of the North Carolina Wildlife Resources Commission, the Secretary of the Virginia Department of Natural Resources, and the District Engineer for the Wilmington District of the United States Army Corps of Engineers shall be invited to have their agencies participate in conducting the study and developing recommendations pursuant to subsection (b).

(2) To facilitate participation by the agencies referred to in paragraph (1), should they decide to participate, a Memorandum of Understanding will be executed with such officials setting forth the respective responsibilities of the entities involved in conducting the study and developing those recommendations.

(d) CONSULTATION.—In carrying out the study under subsection (b), the Atlantic States Marine Fisheries Commission, other Federal agencies, the Albermarle-Pamlico Estuarine Study, Dominion Resources, Inc./Virginia Power/North Carolina Power, affected local governments in North Carolina and Virginia, appropriate commercial and recreational fishing interests, and other interests shall be consulted, to the maximum extent practicable.

(e) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated the sum of $1,000,000 to carry out the requirements of this section. These appropriations will remain available until expended.

(f) STATE AUTHORITY.—Nothing in this section shall be construed as authorizing any State to manage fisheries within the jurisdiction of another State.

(g) RESTRICTION ON USE OF OTHER FUNDS.—Amounts appropriated pursuant to the authorization contained in section 7(d) of the Anadromous Fish Conservation Act (16 U.S.C. 757g(d)) shall not be used to carry out this section.

16 USC 1851 note.

SEC. 6. PROTECTION OF STRIPED BASS IN THE EXCLUSIVE ECONOMIC ZONE.

(a) REGULATION OF FISHING IN EXCLUSIVE ECONOMIC ZONE.—The Secretary of Commerce shall promulgate regulations governing the fishing for Atlantic striped bass in the exclusive economic zone that the Secretary determines to be consistent with the national standards set forth in section 301 of the Magnuson Fishery Conservation and Management Act (16 U.S.C. 1851) and necessary and appropriate to—

(1) ensure the effectiveness of State regulations or a Federal moratorium on fishing for Atlantic striped bass within the coastal waters of a coastal State; and

(2) achieve conservation and management goals for the Atlantic striped bass resource.

State and local governments.

(b) CONSULTATION; PERIODIC REVIEW OF REGULATIONS.—In preparing regulations under subsection (a), the Secretary shall consult with the Atlantic States Marine Fisheries Commission, the appropriate Regional Fishery Management Councils, and each affected Federal, State, and local government entity. The Secretary shall periodically review regulations promulgated under subsection (a), and if necessary to ensure their continued consistency with the requirements of subsection (a), shall amend those regulations.

(c) FISHERY MANAGEMENT PLAN ON STRIPED BASS.—

(1) The appropriate Regional Fishery Management Councils may prepare a fishery management plan on Atlantic striped bass, which if approved and implemented by the Secretary shall supersede any regulations promulgated under subsection (a). Such plan shall—

(A) meet the requirements of sections 301 and 303 of the Magnuson Fishery Conservation and Management Act (16 U.S.C. 1851 and 1853);

(B) apply to all fishing for Atlantic striped bass within the exclusive economic zone; and

(C) ensure the effectiveness of the Plan of the Atlantic States Marine Fisheries Commission defined under section 3(7) of the Atlantic Striped Bass Conservation Act (16 U.S.C. 1851 note).

(2) The Secretary shall review such fishery management plan pursuant to section 304 of the Magnuson Fishery Conservation and Management Act (16 U.S.C. 1854) and shall approve the plan if it meets the requirements of paragraph (1) and other provisions of this section. The Secretary shall implement the plan by promulgating regulations in accordance with section 305 of the Magnuson Fishery Conservation and Management Act (16 U.S.C. 1855). No regulation promulgated under subsection (a) shall have force and effect during any period in which regulations implementing such plan are in effect.

(d) APPLICABILITY OF MAGNUSON ACT PROVISIONS.—The provisions of sections 307, 308, 309, 310, and 311 of the Magnuson Fishery Conservation and Management Act (16 U.S.C. 1857, 1858, 1859, 1860, and 1861) regarding prohibited acts, civil penalties, criminal offenses, civil forfeitures, and enforcement shall apply with respect to regulations and any plan issued under subsection (a) or (c) of this section as if such regulations or plan were issued under the Magnuson Fishery Conservation and Management Act.

(e) DEFINITION.—As used in this section, the term "exclusive economic zone" has the meaning given such term in section 3(6) of the Magnuson Fishery Conservation and Management Act (16 U.S.C. 1802(6)).

(f) EFFECTIVE PERIOD.—Subsections (a) through (e) of this section shall cease to have force and effect at the close of September 30, 1991.

(g) CONFORMING AMENDMENTS.—

(1) Paragraph (1) of section 3 of the Atlantic Striped Bass Conservation Act (16 U.S.C. 1851 note) is amended to read as follows:

"(1) The term 'Magnuson Act' means the Magnuson Fishery Conservation and Management Act (16 U.S.C. 1801 et seq.).".

16 USC 1851 note.

(2) Section 5 of such Act is amended by striking "Act of 1976" each place it appears and inserting in lieu thereof "Magnuson Act".

To designate the week of November 27, 1988 through December 3, 1988 as "National Home Care Week."

Nov. 3, 1988
[S.J. Res. 280]

Whereas organized home health care services to the elderly and disabled have existed in this country since the last quarter of the eighteenth century;

Whereas home health care, including skilled nursing services, physical therapy, speech therapy, social services, occupational therapy, health counseling and education, and homemaker-home health aide services, is recognized as an effective and economical alternative to unnecessary institutionalization;

Whereas caring for the ill and disabled in their homes places emphasis on the dignity and independence of the individual receiving such services;

Whereas the Federal Government has supported home health services since the enactment of the medicare program, with the number of home health agencies providing services increasing from less than five hundred to more than five thousand; and

Whereas many private, public, and charitable organizations provide these and similar services to millions of patients each year preventing, postponing, and limiting the need for institutionalization and enabling such patients to remain independent: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the week of November 27, 1988 through December 3, 1988 is designated as "National Home Care Week", and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe the week with appropriate programs, ceremonies, and activities.

Joint Resolution

Nov. 3, 1988
[S.J. Res. 302]

To designate October 1988 as "National Down Syndrome Month".

Whereas the past decade and a half has brought a greater and more enlightened attitude in the care and training of the developmentally disabled;

Whereas one such condition which has undergone considerable reevaluation is that of Down syndrome—a problem which, just a short time ago, was often stigmatized as a mentally retarded condition which relegated its victims to lives of passivity in institutions and back rooms;

Whereas through the efforts of concerned physicians, teachers and parent groups such as the National Down Syndrome Congress, programs are being put in place to educate new parents of babies with Down syndrome, to develop special education classes within mainstreamed programs in schools, to provide for vocational training in preparation for entering the work force, and to prepare young adults with Down syndrome for independent living in the community;

Whereas the cost of such services designed to help individuals with Down syndrome move into their rightful place in our society is but a tiny fraction of the cost of institutionalization;

Whereas not only the improvement in educational opportunities for those with Down syndrome, but also the advancement in medical science is adding to a brighter outlook for individuals born with this chromosomal configuration; and

Whereas public awareness and acceptance of the capabilities of children with Down syndrome can greatly facilitate their being mainstreamed in our society: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That October 1988 is designated as "National Down Syndrome Month" and that the President of the United States is authorized and requested to issue a proclamation calling upon the people of the United States to observe the designated month with appropriate programs, ceremonies, and activities.

To designate February 1989 as "America Loves Its Kids Month".

Nov. 3, 1988
[S.J. Res. 324]

Whereas all of the children in the United States, including newborn infants, toddlers, kids who attend preschool, nursery school, kindergarten, elementary school, junior high school, high school, open school, alternative school, and private school, out-of-school kids, and kids of every race, creed, and color, deserve the recognition and support of the people of the United States;

Whereas the adults in the United States should recognize their duty to protect children by reporting any suspicion of child abuse or neglect, the selling of alcoholic beverages to minors, or the dealing of drugs by or for children;

Whereas children in the United States who are achieving success deserve to be highly complimented and given special recognition for their accomplishments;

Whereas the people of the United States should help to raise the self-esteem of children, especially children who have experienced hardship and hurt in their lives, by making an effort to communicate with and to support children;

Whereas adults in the United States should frequently offer to children hugs, smiles, pats on the back, and words of kindness and encouragement, to help children become more confident and successful; and

Whereas the Congress and the President can help children of the United States by designating a month for a united effort of the people of the United States to show their love and appreciation of the children of the United States: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That February 1989 is designated as "America Loves Its Kids Month", and the President of the United States is authorized and requested to issue a proclamation calling upon the people of the United States to observe the month with appropriate ceremonies and activities.

Nov. 3, 1988
[S.J. Res. 335]

To designate the last full week of October, October 23 through October 29, 1988, as "National Adult Immunization Awareness Week".

Whereas the Surgeon General of the United States has declared as a major health initiative the reduction of vaccine-preventable death and disease among adults in the United States;

Whereas the reduction of these infectious diseases could save as many as 70,000 lives annually and more than $1 billion in direct costs annually;

Whereas the Surgeon General has declared the goal of immunizing 60 percent of America's elderly and chronically ill against influenza and pneumococcal pneumonia, yet only 18 percent of susceptible adults are immunized against influenza and 10 percent against pneumococcal pneumonia;

Whereas hepatitis B has grown to epidemic proportions in this country despite the availability of a highly effective vaccine;

Whereas childhood diseases like measles and mumps are on the rise among young adults;

Whereas newborn infants in America are at risk of congenital deformities or death because 9-15 percent of women of childbearing age are not adequately protected against rubella;

Whereas the Congress has authorized through the Omnibus Reconciliation Act of 1987 a $25 million-a-year demonstration project to prove the cost-effectiveness of influenza vaccinations among Medicare recipients;

Whereas efforts should be made to alert Medicare participants to enroll in this project;

Whereas public awareness in the field of adult immunization has been conducted primarily by the voluntary sector; and

Whereas the Congress and the President have consistently declared the last week of October as "National Adult Immunization Awareness Week": Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the last full week of October, October 23 through October 29, 1988, is designated as

"National Adult Immunization Awareness Week", and the President is authorized and requested to issue a proclamation calling upon the people, the Surgeon General, and other Federal health officials of the United States to observe such week with appropriate ceremonies and activities.

Nov. 3, 1988
[S.J. Res. 381]

To designate October 30, 1988, as "Fire Safety at Home Day—Change Your Clock, Change Your Battery".

Whereas every year, five hundred thousand fires ravage the homes of Americans, resulting in over six thousand deaths and three hundred thousand injuries;

Whereas home fires are the leading cause of death and serious injury among children in the United States;

Whereas senior citizens, families in substandard housing, and the physically and mentally disabled are at high risk to be victims of fire;

Whereas three out of four homes have at least one smoke detector, but an estimated one-half are inoperable because of worn or missing batteries;

Whereas the International Association of Fire Chiefs estimates that the annual practice of changing batteries in smoke detectors would save thousands of lives and billions of dollars in property damage;

Whereas the Congressional Fire Services Caucus, with its broad-based bipartisan membership, reflects the concern of Congress for fire safety and its dedication to making it an important national priority;

Whereas the designation of a special day to remind Americans to properly maintain their smoke detectors, timed to coincide with the fall ritual of resetting clocks, would greatly diminish this human tragedy; and

Whereas October 30, 1988, is the day Americans change their clocks from daylight saving time: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, **That the thirtieth day of October 1988 is hereby designated as "Fire Safety at Home Day—Change Your Clock, Change Your Battery". The President is requested to issue a proclamation calling upon the people of the United States to observe that day by maintaining their first line of defense against fire by changing the batteries in their smoke detectors when they reset their clocks from daylight saving time.**

Joint Resolution

Nov. 5, 1988
[H.J. Res. 438]

Designating November 4, 1988, as "National Teacher Appreciation Day".

Whereas education of the Nation's youth is the foundation of the Nation's future;
Whereas education is a lifelong process which is beneficial to the individual and thus beneficial to the entire Nation;
Whereas teachers deserve credit for their invaluable role in providing education;
Whereas teaching not only involves traditional areas of education, but today also includes vocational education, continuing education, and education for special needs;
Whereas teachers contribute not only to the academic growth of students, but also to their ethical, social, and emotional development;
Whereas Sharon Christa McAuliffe, a high school history teacher, exemplified the attributes of the Nation's teachers and made a unique contribution to the teaching profession through her participation in the space shuttle program which, tragically, resulted in her death;
Whereas a student's respect for his or her teacher is essential to the student's ability to learn; and
Whereas the contributions of teachers should be celebrated often in order to honor the role of teachers in society and to affirm and foster respect for teachers: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That November 4, 1988, is designated as "National Teacher Appreciation Day", and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe such day with appropriate programs, ceremonies, and activities.

"(3) there are significant opportunities in the Federal Government to conserve and make more efficient use of energy through improved operations and maintenance, the use of new energy efficient technologies, and the application and achievement of energy efficient design and construction;

"(4) Federal energy conservation measures can be financed at little or no cost to the Federal Government by using private investment capital made available through contracts authorized by title VIII of this Act; and

"(5) an increase in energy efficiency by the Federal Government would benefit the Nation by reducing the cost of government, reducing national dependence on foreign energy resources, and demonstrating the benefits of greater energy efficiency to the Nation.

"SEC. 542. PURPOSE.

"It is the purpose of this part to promote the conservation and the efficient use of energy by the Federal Government.

"SEC. 543. ENERGY MANAGEMENT GOALS.

"(a) ENERGY PERFORMANCE GOAL FOR FEDERAL BUILDINGS.—(1) Subject to paragraph (2), each agency shall apply energy conservation measures to, and shall improve the design for the construction of, its Federal buildings so that the energy consumption per gross square foot of its Federal buildings in use during the fiscal year 1995 is at least 10 percent less than the energy consumption per gross

square foot of its Federal buildings in use during the fiscal year 1985.

"(2) An agency may exclude from the requirements of paragraph (1) any building, and the associated energy consumption and gross square footage, in which energy intensive activities are carried out. Each agency shall identify and list in each report made under section 548(a) the buildings designated by it for such exclusion.

"(b) IMPLEMENTATION STEPS.—To achieve the goal established in subsection (a), each agency shall—

"(2) perform energy surveys of its Federal buildings to the extent necessary;

"(3) using such surveys, apply energy conservation measures in a manner which will attain the goal established in subsection (a) in the most cost-effective manner practicable; and

"(4) ensure that the operation and maintenance procedures applied under this section are continued.

"(1) establish practical and effective present value methods for estimating and comparing life cycle costs for Federal buildings, using the sum of all capital and operating expenses associated with the energy system of the building involved over the expected life of such system or during a period of 25 years, whichever is shorter, and using average fuel costs and a discount rate determined by the Secretary; and

"(2) develop and prescribe the procedures to be followed in applying and implementing the methods so established.

"(b) USE OF LIFE CYCLE COST METHODS AND PROCEDURES.—(1) The design of new Federal buildings, and the application of energy conservation measures to existing Federal buildings, shall be made using life cycle cost methods and procedures established under subsection (a).

Designating the month of November 1988 as "National Alzheimer's Disease Month".

Nov. 5, 1988
[S.J. Res. 261]

Whereas more than two and one-half million Americans are affected by Alzheimer's disease, which is a surprisingly common disorder that destroys certain vital cells of the brain;

Whereas Alzheimer's disease is the fourth leading cause of death among older Americans;

Whereas Alzheimer's disease is responsible for 50 per centum of all nursing home admissions, at an annual cost of more than $25,000,000,000;

Whereas in one-third of all American families one parent will succumb to this disease;

Whereas Alzheimer's disease is not a normal consequence of aging; and

Whereas an increase in the national awareness of the problem of Alzheimer's disease and recognition of national organizations such as Alzheimer's Disease and Related Disorders Association may stimulate the interest and concern of the American people, which may lead, in turn, to increased research and eventually to the discovery of a cure for Alzheimer's disease: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the month of November 1988, is designated as "National Alzheimer's Disease Month". The President is requested to issue a proclamation calling upon the people of the United States to observe such month with appropriate ceremonies and activities.

Nov. 5, 1988
[S.J. Res. 272]

To designate November, 1988, as "National Diabetes Month".

Whereas diabetes is a leading cause of death by disease in the United States;

Whereas diabetes afflicts 11,000,000 Americans and over 5,000,000 of these individuals are not aware of their illness;

Whereas nearly $14,000,000,000 annually are spent on health care costs, disability payments, and premature mortality costs due to diabetes;

Whereas up to 85 percent of all cases of non-insulin dependent diabetes may be prevented through greater public understanding, awareness, and education;

Whereas diabetes is particularly prevalent among Black, Hispanic, Native Americans, and women;

Whereas diabetes is the number one cause of new blindness in people between the ages of 20 and 74, and is a leading cause of kidney disease, heart disease, strokes, birth defects, and lower life expectancy, the severity of which all may be reduced through greater patient and public understanding, awareness, and education: Now therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the month of November, 1988 is designated as "National Diabetes Month" and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe that month with appropriate programs, ceremonies, and activities.

Joint Resolution

Designating the day of August 7, 1989, as "National Lighthouse Day".

Nov. 5, 1988
[S.J. Res. 306]

Whereas August, 7, 1989, marks the 200th anniversary of the signing by President Washington of the Lighthouse Act; and

Whereas that Act, established a Federal role in the support, maintenance, and repair of all lighthouses, beacon buoys, and public piers necessary for safe navigation; commissioned the first Federal lighthouse, and represents the first public works Act in the young country; and

Whereas lighthouses played an integral role in the rich maritime history of the United States as that history spread from the Atlantic coast, through the Great Lakes and Gulf coast, to the Pacific States; and

Whereas these impressive structures, standing at land's end through two centuries, have symbolized safety, security, heroism, duty, and faithfulness; and

Whereas architects, designers, engineers, builders, and keepers devoted, and in some cases, jeopardized, their lives for the safety of others; and

Whereas by 1989 the United States Coast Guard will complete the automation of all Coast Guard lights, concluding a rich, colorful, and significant chapter in American history; and

Whereas this heritage is further threatened by neglect, vandalism, and deterioration by the elements; and

Whereas the many completed, ongoing, or planned private and public efforts to preserve lighthouses demonstrate the public support for these historic structures: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the day of August 7, 1989, is designated as "National Lighthouse Day"; that to the extent feasible, lighthouse grounds should be open to the general public; and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe such a day with appropriate ceremonies and activities.

Whereas one out of every twelve Americans copes with some form of a disability;

Whereas although nearly three out of every four Americans without a disability have at least a high-school education, just slightly more than one out of every two disabled Americans have a high school education;

Whereas a disabled American is two and one-half times as likely to have an income that falls below the poverty line than an American without a disability;

Whereas the population of disabled Americans will increase dramatically over the next two decades as the science of medical technology continues to improve upon its ability to prolong human life;

Whereas disabilities increasingly affect Americans as they get older;

(c) SACRAMENTO, CALIFORNIA.—

(1) FINDINGS.—The Congress finds that—

(A) the Sacramento, California, area has had in place a flood control system that has been classified as protecting against floods with recurrence intervals of up to 125 years;

(B) local governmental entities in the Sacramento metropolitan area have been working diligently with the State of California, the Army Corps of Engineers, and the Bureau of Reclamation since the occurrence of a heavy storm in 1986 to formulate and implement a comprehensive plan to provide high level, efficient flood protection to the region;

(C) the Federal Emergency Management Agency, in response to studies by the Army Corps of Engineers indicating increased flood vulnerability attributable to increased estimates of the frequency of large storms in the region, has begun a process of re-analyzing the flood risks in the Sacramento area, and this analysis is likely to result in substantially increased flood elevation requirements under the National Flood Insurance Program;

(D) changed flood elevation requirements attributable to a change in flood elevation determinations by the Director of the Federal Emergency Management Agency will cause severe disruption in the Sacramento region and could precipitate the break-up of the political, institutional, and economic relationships sustaining the high level, comprehensive, flood protection effort;

(E) failure to implement a comprehensive plan would leave substantial portions of the Sacramento area without necessary flood protection, and, further, could impose on the Federal Government various, substantial costs related to emergency responses and damage claims in the event of a major flood;

(F) the Federal purposes embodied in the National Flood Insurance Program to minimize development in flood plains, to minimize damages caused by floods, and to reduce requirements for costly flood protection projects remain valid for the Sacramento metropolitan area, and impose

upon its local governmental jurisdictions an obligation to exercise their authorities to avoid undue exposure to the dangers of floods and to voluntarily comply to the maximum extent practicable, consistent with other purposes of this subsection, with the National Flood Insurance Program standards that are anticipated to be applicable to the Sacramento area following expiration of the period set by paragraph (2);

(G) the City and County of Sacramento have each provided assurances to the Congress that they will not designate any increases in urbanization beyond lands already so designated in their general plans during the period set forth in paragraph (2), and, in addition, that in the exercise of their discretion to approve new development they will give careful consideration to—

(i) an evacuation-emergency response plan;

(ii) mechanisms by which to attempt to provide notice to all buyers of new structures;

(iii) retention of natural floodways; and

(iv) recommendations to all buyers of new structures to purchase flood insurance;

(H) the City and County of Sacramento, in their discretion, reserve the authority to impose elevation or other requirements for new construction based upon best available flood data if facts indicate the necessity of doing so; and

(I) maintenance of the Federal flood elevation requirements now in effect for the Sacramento area for the limited period set forth in paragraph (2) will facilitate implementation of the high level, comprehensive plan for flood protection in the Sacramento area, and is therefore in the interest of Sacramento, the public safety, and the United States.

(2) FLOOD ELEVATIONS.—Prior to the expiration of 2 years after the date on which the Secretary of the Army submits to the Congress the report on the feasibility study on Northern California Streams, American River Watershed, but not later than 4 years after the date of the enactment of this Act, the provisions of the National Flood Insurance Act of 1968 and the Flood Disaster Protection Act of 1973 shall apply on the basis of flood map elevation determinations made by the Director of the Federal Emergency Management Agency in effect as of the date of the enactment of this Act to the following areas: Rivers and harbors.

(A) the floodplain areas within Sutter and Sacramento Counties, California (collectively known as the "Natomas area"), which are bounded by the Sacramento River, the American River, the Natomas Cross Canal, and the floodplain of the Natomas East Main Drainage Canal;

(B) the floodplains within Sacramento County of Dry Creek, Arcade Creek, and Morrison Creek, to the extent these creeks are affected by the American and Sacramento Rivers, the American River, and the Sacramento River upstream of the City of Freeport, California; and

(C) the City of West Sacramento in Yolo County, California.

(3) BUDGET SUBMISSION.—The President, in submitting his budget for fiscal year 1990, shall include a schedule for completing the study referred to in paragraph (2) as expeditiously as President of U.S.

practicable and an estimate of the resources required to meet such schedule.

(d) PLANADA, CALIFORNIA.—The Director of the Federal Emergency Management Agency shall prepare, or cause to be prepared, a hydrological study of Miles Creek, California, to use as the basis for the establishment of revised base flood elevations in and near the community of Planada, California. Until such time as the revised base flood elevations are established, the flood insurance rate map (Community Panel No. 0601880315A) in effect on September 1, 1988, for the area in and near such community shall remain in effect.

100th Congress

Joint Resolution

Designating November 4 through 10, 1988, as the "Week of Remembrance of Kristallnacht".

Nov. 7, 1988
[H.J. Res. 654]

Whereas November 9-10, 1988, marks the fiftieth anniversary of Kristallnacht, The Night of Broken Glass;
Whereas Kristallnacht was sanctioned by the Nazi state to terrorize the Jewish citizens of Germany and Austria;
Whereas during Kristallnacht, hundreds of synagogues in Germany and Austria were burned and destroyed, businesses and homes were ransacked, scores of innocent people were killed because they were Jews, and thousands of such people were arrested and sent to concentration camps;
Whereas the lack of any response from civilized nations led the governments of Germany and Austria to believe that further atrocities would go unpunished;
Whereas this belief brought about mass murders and carnage on a scale never before seen in human history;

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That November 4 through 10, 1988, is designated as the "Week of Remembrance of Kristallnacht", and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe such week with appropriate ceremonies and activities.
